

BIG COAL FIELD WALKOUT NEAR

SHOTS FLY AS 'COP' FELLED

Brea Marshal Knocked from Speeder's Auto, Run Over, Is Charge

WIDE SEARCH BEGUN FOR PASADENA DRIVER

Officer, Bruised by Car's Wheels, Empties Gun at Fleeing Car

PASADENA, March 31.—Mrs. M. C. Herr, 120 Waverly Drive, Pasadena, stated this morning that a Buick car belonging to her husband was missing this morning. It was placed in the garage last night but the building was not locked. She stated she thought a friend had borrowed it overnight but refused to give the name of the friend.

Centering at Pasadena, a search was extending through Southern California today for the driver of a Buick car, believed to be M. C. Herr, of Pasadena, who was alleged to have knocked City Marshal E. R. Rudy, of Brea, from the running board of his car and to have then driven the car over the prostrate officer, making his escape through a hail of bullets, which left their marks of identification on the vehicle.

Fear of arrest under a charge of transporting liquor or of driving an automobile while intoxicated was believed to have prompted the motorists' act, which occurred last night at Brea.

Officer Halts Car
Rudy had halted the car because of the speed which it was being driven through the town. He had stepped up on the running board of the car to investigate its interior and question the driver, he alleged.

Just as he had, it was claimed, taken a bottle of liquor away from the driver, the latter suddenly thrust him off the running board and jammed down the throttle of the car, which leaped ahead.

Rudy sprawled on the ground and a wheel of the car passed over one of his legs as it dashed away.

From his position on the ground, Rudy emptied his revolver after the fleeing car. Two or three shots were said to have penetrated the right side of the car and one or two bullets to have struck the back.

Although failing to get the number of the car, Rudy, while on the running board, had noted the name of M. C. Herr, Pasadena, on the registration certificate. This, clue, together with the marks of the bullets on the car, would, it was believed, lead to the apprehending of the culprit.

The officer was not badly hurt, it was stated.

Detective Bares Rich Harvest of Blackmail Trust

\$2,000,000 LOSS IN MICHIGAN BLIZZARD

CHICAGO, March 31.—Damage amounting to more than \$2,000,000 was caused by the sleet and snowstorm which swept Michigan the last two days, it was estimated by wire and railroad officials today. Wires were down to all northern points.

POSSE SEEKS SLAYER

VERMONT, Cal., March 31.—Sheriff Court L. Smith and posse today were searching the county for an unidentified negro who shot and killed another negro employee of a circus showing here.

Man Wearing Stagger and Overcoat Searches For 'East 53rd Street'

Whether a tall, slender gentleman wearing a dark overcoat and a stagger had succeeded in inserting his latchkey in his door last night, was a source of speculation to the local police today.

The tall man, at last reports, had been vainly questing his home somewhere on "East 53rd street." Reports of his search for this street, presence of which the city directory fails to reveal, reached police headquarters from several sources where he had made fruitless inquiry.

Officer O. Moncrief, who searched for the wanderer without success, estimated that the man's address, as given, would be somewhere north of Orange. Santa Ana streets run no higher than the "20s."

WOOLWINE IN GOVERNORSHIP RACE, RUMOR

Los Angeles District Attorney To Resign and Seek Democratic Nomination, Report.

LOS ANGELES, March 31.—Thomas Lee Woolwine intends to resign as district attorney of Los Angeles county within six weeks, and announce his candidacy for governor of California, according to rumor current in legal circles today.

Woolwine was out of the city, and could not be reached.

W. C. Doran, chief deputy district attorney, refused to confirm or deny the report.

It was said that Woolwine planned to ask the board of supervisors at the time his resignation is presented, to name Doran as his successor.

Woolwine is a Democrat.

RAILROADS HIT BY DECISION OF I. C. C.

(United Press Leased Wire)
WASHINGTON, March 31.—The interstate commerce commission in a decision today publicly condemned the Pennsylvania and New York Central railroads for paying excessive costs for repairs to equipment at shops other than their own.

The decision was a victory for the railroad labor unions, which have been charging that certain railroads have been closing their own shops and giving repair work to other plants at increased costs to break down the unions.

It was also charged that some railroads gave the work to repair companies in which they were interested, at excessive costs, during the guaranty period, knowing that they were protected against losses.

The decision was rendered by a vote of 6 to 4. Both of the instances of excessive cost occurred during the summer of 1920.

The commission indicated no graft was involved, but rather that the situation was due largely to gross inefficiency.

\$100,000 FIRE HITS BIG FRESNO PLANT

READY FOR INSTITUTE

FRESNO, March 31.—Fresno and Madera county school teachers convene here Monday, Tuesday and Wednesday for the annual institute of the California Teachers' association, Central section.

U. S. and Mexican Police Join In Hunt for Alleged White Slave Gang

(United Press Leased Wire)
NOGALES, Ariz., March 31.—Police of two countries are searching today for William Stanton and Fred Davis, Americans, accused as leaders in a wealthy ring which has been rearing American girls for Mexican cabarets in Nogales, Sonora.

The two men, allegedly financed by Mexican money, directed an "underground route" from Bisbee, Ariz., to Sonora, it is charged.

The United States department of justice has issued warrants against the men charging them with violating the Mann white slave act.

Chief Immigrant Inspector Ceballos of the Mexican immigration service, has also issued warrants against the same men charging a similar violation of the federal laws of the South American republic.

Hail National P.-T. A. Head

NAB SUSPECT IN BOLD BURGLARY AT HAWLEY'S STORE HERE

Arrest of Cecil Moon, charged with the burglary of the Hawley sporting goods store here last December 24, recalled that during place of banditry today under mysterious circumstances, which intimated that further developments in the case were yet to come.

Moon was arrested by Deputy Sheriff Roy Ballard at Moon's home on Garnsey street, and was arraigned before Justice J. B. Cox, who set his preliminary examination for May 11 at 2 p. m. Bail was fixed at \$500, which Moon was unable to raise.

The authorities, who have been quietly pursuing an investigation of the Hawley burglary since the Christmas holidays, still declined today to divulge information or their discoveries which directed their suspicion to Moon. Part of the \$500 loot, consisting chiefly of revolvers and ammunition, had been recovered, they admitted.

The Hawley burglary, staged on the morning of December 24, was one of unusual daring. The burglars were seen to enter through the skylight of the building at about 7 a. m. but observers did not suspect their intent.

Craftily avoiding wiring and other delicate mechanism that would have set a burglar alarm clanging, they rifled the store and prepared to depart. In leaving by the rear door they set off the alarm. Officers were quickly on the scene but the burglars had succeeded in making their escape without being detected.

Japan Ready to Turn Rail Line Over to Chinese

TOKIO, March 31.—Negotiations between Japan and China for the return of the Shantung railroad to China have been successfully concluded, according to reports received here today from Peking.

As a result, it was expected that withdrawal of all Japanese troops from the railroad and the Shantung peninsula would be completed by the last of April.

Plans for the withdrawal of the troops have been ready for considerable time.

"30" BULLETINS

LISBON, March 31.—Word from Las Palmas on the Canary Islands early today said the Portuguese aviators, who completed the first 15,000 miles of their Trans-Atlantic flight to Brazil, were preparing for the second leg of their long journey. They will fly to the Cape Verde Islands from the Canaries.

LOS ANGELES, March 31.—Only eighty of 150 new jurors empaneled in the Arthur C. Burch murder case reported when superior court opened this morning. Work of selecting a jury proceeded despite the absences.

SACRAMENTO, March 31.—W. B. Clancy of Riverside, was appointed today by Governor Stephens to be trustee of the Southern California hospital to succeed George D. Cunningham, deceased.

WASHINGTON, March 31.—After a sharp row the house late today passed the \$17,000,000 Langley hospitalization bill for constructing more hospitals for wounded service men under the supervision of the veteran's bureau.

SUSPECT FOUL PLAY IN L. A. DEATH

LOS ANGELES, March 31.—Detectives of the homicide squad found a possible new murder mystery today when Max L. Callcott, 29, was found dead under mysterious circumstances in his home here.

Detective Sergeant Herman Cline, detailed to the case, said that Callcott had been in the best health and never had shown any signs of heart trouble.

The dead man is a brother of Jack Callcott, local theatrical man.

\$150,000 SCHOOL BONDS
EXETER, Cal., March 31.—The board of school directors today announced they would submit a \$150,000 bond issue to the voters, the money to be used for school improvements. The date for the election has not been set.

UNITY MESSAGE IS BROUGHT TO COAST BY MRS. M. P. HIGGINS

By Eleanor Elliott

"My message to all Congress of Mothers and Parent Teachers associations with which I come in touch is that of unity," today declared Mrs. Milton P. Higgins of Worcester, Mass., national president of the C. of M. and P. T. A., in the city attending the annual conference of the Fourth District, comprising the whole of Orange county.

"The national organization is as purely personal in its widened scope as are the local associations, and that the matter of personality and common interest may be brought to the minds of those comprising the smaller organizations, I am planning my work while in the office of national president, so that I may visit every state and draw closer the bonds of unity."

"The value of co-operation was brought home to American womanhood during the war. The lessons learned there are proving beneficial today."

"My mission is to point out to all those districts which I visit, the manner in which their federation with the national association may work to mutual advantage, and to show them that it is a strongly vital and personal thing."

In pursuing her plan, Mrs. Higgins last year visited the states east of the Mississippi river, ending her year's trip with the national convention held in Washington, D. C.

This year, she is carrying her plan to a successful conclusion by visiting the states west of the "Father of Waters."

Feelingly expressing her sentiments of the work of the Parent-Teacher associations all over the United States, Mrs. Higgins this afternoon deeply impressed those who attended the gathering at James's gold room.

"The work of the organization is so arranged," Mrs. Higgins said, "so that every unit in cities, counties, state and nation is doing a wonderful work."

Mrs. Higgins discussed the effect of the disarmament conference and praised its activity. She told of the accomplishments of the International Congress of Women and Children in Norway, which she attended.

"Every nation looks to the United States for help and guidance," she declared.

Mrs. Higgins paid a feeling tribute to Mrs. Frederick Shoff, whom she succeeded as national president. Mrs. Shoff held the position for eighteen years.

Mrs. Charles Gray, first state vice-president, paid a feeling tribute to Mrs. Higgins when she said, "She is a real president, a real friend and a real mother."

Mrs. G. P. Hill of Santa Ana, told of the organization of the Parent-Teacher association here twenty-five years ago.

J. A. Cranston, superintendent of city schools, and D. K. Hammond, principal of the high school, told of the importance of the co-operation of parents and teachers and praised the units for the work they are doing.

MRS. MILTON P. HIGGINS

AMERICAN SHIP AFIRE AT SEA CALLS HELP

LOS ANGELES, March 31.—The American-Hawaiian liner, Iowan, at sea, 150 miles out from the entrance of the Panama canal, according to unverified reports received today by local agents of the steamship line.

The Iowan left San Pedro for New York and Boston two weeks ago. Her displacement is listed at 10,000 tons.

The Iowan carried no passengers. Walter S. McPherson of the McCormick and McPherson steamship agency said.

SAN FRANCISCO, March 31.—The steamer Iowan, which left San Francisco for the East coast via San Pedro, March 19, is putting in at Balboa, canal zone, with a fire in No. 1 hold, according to private advices received here today. The vessel should reach Balboa tomorrow.

POLY WEEKLY ISSUES UNCENSORED EDITION

Heralded as the "greatest scandal sheet west of Tustin," the annual uncensored Generator appeared on the campus at the high school today, toged out in a hue of pure green.

The entire issue, consisting of eight pages, was devoted to humorous anecdotes, imaginary happenings to prominent students, and "bawls" galore. Even the staid faculty members did not escape.

The paper was called "The Saint's Caruncle" and bore a banner head worded "Poly Hi Student Commits Offense." An account of a student's terrible plight—he was convicted of opening a book for study—followed.

The issue was handled by the usual Generator staff, under the direction of John Donan, editor-in-chief.

FREE SAN FRANCISCO GIRL IN CHECK CASE

LOS ANGELES, March 31.—Upon advice from San Francisco, Miss Pearl Wolf, 22-year-old San Francisco beauty, has been released from custody by local police by whom she was held on a charge of passing a worthless check. San Francisco police in a telegram to the local department announced that the check charge was the result of a mistake, the San Francisco clearing house announcing that Miss Wolf had sufficient funds on deposit to

150 PRESENT AS 4TH DISTRICT ANNUAL MEET IS OPENED

Hailing their national leader, Mrs. Milton P. Higgins, of Worcester, Mass., internationally recognized as an authority on the inter-related functions of the school and the home in child training; reelecting Mrs. Earl Morris of Santa Ana as their president; and spiritedly rallying to a plea for support of the Wright "dry" enforcement act, members of the Fourth District, Congress of Mothers and Parent-Teacher associations, swung into their annual meeting today at the First Congregational church here.

"Home Sweet Home" is the most desirable place in which to be; "Home Sweet Home" when that is in Orange county, such a kingdom of natural resources and prosperity, is all the more enviable. You are fortunate to live in such a paradise."

Mrs. Higgins, national president of the C. of M. and P. T. A., thus responded to addresses of welcome.

More than 150 delegates and guests were present at the morning session.

Other officers elected were: Vice-president, Mrs. S. W. Stanley; Tustin; corresponding secretary, Mrs. Charles Harvey, Brea; recording secretary, Mrs. Edmund Snow, Santa Ana; financial secretary, Mrs. J. B. Chaffee, La Habra; auditor, Mrs. J. E. Welin, Olinde.

Introduces Leader
"We are realizing an event which we have anticipated for many years," said Mrs. Morris, in introducing the national president. "We wish to make this welcome typical of a Western hospitality, and to make it one which will leave Mrs. Higgins in no doubt as to the natural wealth of Orange county. Consequently we have arranged several addresses of welcome from chairmen of committees."

Mrs. G. H. Goodale told of the pleasure which the members experienced in having Mrs. Higgins present, and recounted the natural resources of Orange county, which, she said, totalled \$90,000,000. She presented Mrs. Higgins with a wooden rabbit and cart manufactured locally, which, she said, was symbolical of the prosperity and good fellowship of the county.

Mrs. A. G. Sylvester prefaced the presentation of a pretty bouquet of wild flowers with a pleasant word of welcome.

Mrs. W. B. Tedford presented the national president with a basket of walnuts, and then spoke in behalf of the county wards, telling of the work of the juvenile courts of the county, and their relation to the P. T. A. Mrs. A. L. Lynn, in behalf of the children, gave Mrs. Higgins a basket of fruit as a token of welcome.

Lauds Welfare Workers
Declaring in emphatic terms her appreciation of the kindness of the local welfare organizations in their work among the Mexican population, Mrs. Oberlin Rodriguez, said that the Parent-Teachers' association had "gone to the heart and reached the Mexican mother."

"You have brought her cheer, and life has been happier for her," Mrs. Rodriguez said.

She in turn presented the president with a basket woven by a Mexican child, and which contained nut-outrages broke out anew.

A constabulary patrol was attacked by gunmen in Belfast early today and one policeman killed and another wounded. Incendiary fires broke out in various parts of the city. A bomb was hurled into a group of firemen.

The peace agreement signed by Craig and Collins required the northern government to restrain unionist murder gangs, apparently bent on wiping out Belfast's Catholic population, while Collins promises that the activities of the Irish Republican army extremists should be curbed.

As if to defy Collins's authority to promise this, Republican extremists threatened to seize the city hall in Dublin and even to capture headquarters of the free state provisional government. Free state leaders here were apprehensive of a coup d'etat today as the De Valerates' answer to the signing of the peace compact in London, and the principal buildings of Dublin were heavily guarded.

At Queenstown Republicans seized a tug and steamed off, but were pursued and brought back by a British destroyer.

LONDON, March 31.—The Irish free state came into being today. King George gave his royal assent to the bill creating the free state.

Nothing now stands in the way of Ireland, outside of the six counties of Ulster, intensified today by the followers of Eamon De Valera.

Morse and Co-Defendants In Ship Fraud Case Refuse to Enter Pleas

WASHINGTON, March 31.—C. W. Morse, wealthy ship-builder, his three sons and eight associates, recently indicted on charges of conspiracy to defraud the shipping board, refused to plead either guilty or not guilty when arraigned in the supreme court of the district here today.

Their attorneys then filed demurrers and motions to quash the indictments, asserting that the charges of alleged fraud were vague and indefinite.

Arguments on these motions will be heard April 7. Because of the alleged vagueness of the charges the defendants said they could make no pleadings.

CHICAGO BANK OFFICER ENDS LIFE IN LAKE

William T. Fenton, Financier, Despondent Over Ill Health, Jumps Into Lake Michigan.

CHICAGO, March 31.—William T. Fenton, wealthy Chicago financier, committed suicide today by jumping into Lake Michigan.

Fenton, 70, vice president of the National Bank of the Republic, drove to the lake from his home in a taxi. As soon as the driver had disappeared, he apparently jumped into the icy water.

Ill health was given as the reason.

REPORT BANDIT SUSPECTS AIR MURDER PLOT

(United Press Leased Wire)
GRASS VALLEY, Cal., March 31.—Segundo Rodriguez, arrested with three companions Wednesday night, has made a detailed confession of an alleged plot to rob mines in the Grass Valley district, officers announced today.

Albert Greenwald, another of the gang, previously confessed, officers said.

V. S. Rodriguez and C. Sibello, held at the Nevada City jail, have made no statements, officers said.

Frank Depue, fingerprint expert and criminologist from San Francisco, called here to work on the case and who secured the alleged confession from Rodriguez, declared it told details of a mine robbery plot arranged with the utmost precision.

Five watchmen at Grass Valley mines were to be killed if necessary to carry out the robbery, which was set for tomorrow night, Depue said. Rodriguez had confessed. They were to be stunned by blows on the head and their throats cut, according to Depue.

Officers searched the rooms of Segundo Rodriguez and took possession of knives, guns, explosives, pick handles weighted with lead, and what were said to be burglar tools which the officers claimed, they found in Rodriguez' possession.

It was learned today that tomorrow night—the time the alleged robbery was to have been carried out—there would have been a total of \$150,000 in gold bullion in the mines here, the product of the semi-monthly cleanup.

Without drawing on the 30 per cent production of non-union mines, the surplus would tide the country over a period of six weeks under a normal rate of consumption.

In the face of these figures and with a war chest of only \$200,000, Lewis was optimistic. Everything, he said, inferred confidence in the outcome.

SOLONS GIVE UP HOPE OF HALTING WALKOUT.
WASHINGTON, March 31.—Last minute efforts to stop the nationwide coal strike before the zero hour—midnight tonight—were made in government quarters today.

A congressional gesture, aimed to induce President Harding to summon the opposing factions in conference and suspend the strike call for thirty days, was the chief hope of those leading an apparently fruitless drive against the impending strike.

The government's plan for meeting any emergencies that may arise during the coal strike, was discussed at the cabinet meeting again today.

MINERS TO STRIKE AT MIDNIGHT

Five Hundred Thousand Men to Quit, Closing 7000 Mines, Claim

DAVIS BLAMES MINE OWNERS FOR CRISIS

Secretary of Labor Declares Operators Broke Contract With Men

WASHINGTON, March 31.—Blame for the nation-wide walk-out of coal miners, now underway, rests on the operators, Secretary of Labor Davis declared in a statement which is accepted here as the official view of the government. The operators, Davis said, have "failed to fulfill their contract obligations" to meet the miners in a national wage conference before April 1.

By FRED G. JOHNSTON
(United Press Staff Correspondent)
INDIANAPOLIS, March 31.—Coal production stops at midnight in three-fourths of the nation's mines.

Five hundred thousand United Mine workers of America will drop their picks as the whistles blow tonight and will not return until a new wage contract supplants the one now expiring.

Nothing can stop the strike. The hours remaining before it becomes effective are too short a time for union officers to cancel their orders.

President John L. Lewis, of the United Mine Workers said the strike will close 6,000 of the 7,500 mines in the United States and Canada.

The government is not expected to actively interfere until the sixty-five million tons of coal reserve stored in the nation's bins is exhausted.

Without drawing on the 30 per cent production of non-union mines, the surplus would tide the country over a period of six weeks under a normal rate of consumption.

In the face of these figures and with a war chest of only \$200,000, Lewis was optimistic. Everything, he said, inferred confidence in the outcome.

SOLONS GIVE UP HOPE OF HALTING WALKOUT.
WASHINGTON, March 31.—Last minute efforts to stop the nationwide coal strike before the zero hour—midnight tonight—were made in government quarters today.

A congressional gesture, aimed to induce President Harding to summon the opposing factions in conference and suspend the strike call for thirty days, was the chief hope of those leading an apparently fruitless drive against the impending strike.

The government's plan for meeting any emergencies that may arise during the coal strike, was discussed at the cabinet meeting again today.

All sides admitted the belated efforts to induce mediation were useless and hope was practically abandoned that any loophole might be found through which the 600,000 anthracite and bituminous miners might be kept at work.

ANTHRACITE MINERS READY TO WALK OUT
NEW YORK, March 31.—Suspension in the anthracite field will be 100 per cent, Thomas Kennedy, district superintendent, predicted.

The anthracite miners' delegates at the wage conference with operators temporarily adjourned, returned today to their districts to supervise suspension of work of the 150,000 hand coal miners.

PENNSYLVANIA MINER SHOT IN FIRST STRIKE OUTBREAK
BERWICK, Pa., March 31.—Anthony Vagine, a miner, was shot in the chest through the arm today in the first mine suspension outbreak reported to local authorities.

The shooting occurred at Scotch Colliery in Scotch Valley, near here, where the union and non-union miners went on strike yesterday when a foreman discharged a blacksmith.

State police may be called into the case by the company which declared its purpose to work with non-union labor during the suspension.

CHARLESTON, W. Va., March 31.—State police were en route to posts throughout the mine fields of West Virginia today in preparation for any disturbances in connection with the nation-wide strike of union

merous "gifts of appreciation and gratitude for the kindness shown to them."

Applaud "Dry" Appeal.
One of the highlights of the morning session was an enthusiastically received appeal by Mrs. Earl Morris, president of the Fourth District, for support of the Wright prohibition enforcement act.

Mrs. Morris led up to her appeal by stating that she knew a man who boasted of making liquor and of serving it in cocktails to his acquaintances.

Earnestly deploring such flagrant disregard of the national prohibition spirit, Mrs. Morris then said:

"With 'home brew' made next door and around the corner, it is high time to see that every effort is made to secure the passage of the Wright bill."

The assemblage roundly applauded the appeal.

It was decided that the next executive committee meeting would be held at Birch park here June 10.

A length resolution approving the Towner-Sterling bill, providing for the creation of the office of a commissioner of education in the national cabinet, was adopted. It will be forwarded to United States Senators Hiram W. Johnson and Samuel Shortridge.

Mrs. S. T. Preble, Tustin, was named chairman of a committee to arrange for exhibits to be sent to the state exhibition to be held in this state late next summer. At this exhibition will be shown concrete evidence of work accomplished by the state's P.-T. A. associations. Mrs. Preble will appoint the committee members who will assist her.

The meeting opened promptly at 9:30 a. m., with a prayer by the Rev. Otto S. Russell, pastor of the First Baptist church. The salute to the flag followed.

Those who had charge of the election were Mrs. Sally Powell, Anaheim; Mrs. Harry Shepard, Fullerton; and Mrs. G. R. Goetsch, Orange.

NEW YORK, March 31.—Grand jury indictments against the American Cotton exchange and seven of its members were returned today. The charge was violation of section 390 of the penal code, which forbids "bucketing."

MARCH BUILDING
MARK SMASHED
IN SANTA ANA

All previous March building records in Santa Ana were shattered today, when the total for the present month reached \$289,375, or \$153,604 more than March, 1921.

City Building Inspector W. S. Decker today issued permits for buildings estimated to cost \$5,465, bringing the total since January 1 up to \$745,062.

Assuming that the average established during the first quarter of the present year will be maintained, the building total for 1922 will reach \$2,980,248, calculations show.

BEE MEN TO SEEK
STATE CONVENTION

In view of the fact that Orange county is one of the leading honey producing districts in the state, beekeepers who are to assemble in a field day at the ranch of George Brown, corner Mitchell and Browning avenues, Tustin, at 10 a. m. tomorrow, are expected to petition the state extension service officials for a convention of beekeepers of the state in Orange county next year. Officers will be elected tomorrow afternoon.

TWO HURLED THROUGH
WINDSHIELD IN CRASH

F. L. Polansky, postmaster at Glorietta and his son, Frank, received cuts and scratches on their faces when the two were thrown through the windshield of a car in which they were riding today at Seventeenth and Grand Avenue, where they collided with a car driven by Mrs. Earl Campbell of Orange.

Polansky and his son were taken to the Community hospital, where their wounds were treated, after which they proceeded to their home.

DRUNKEN DRIVER
CASE MAN PAYS
FINE OF \$500

A fine of \$500, which was paid, and a six months' jail sentence, suspended for a period of three years, was pronounced today by Superior Judge Z. B. West in the case of George Sanders, who had confessed to driving an automobile while under the influence of intoxicating liquor.

Sanders was arrested at Brea last December 28, at which time the charge was filed against him.

workers called for midnight.

WILKESBARRE, Pa., March 31.—Work in the anthracite mines began to slacken today, the final working day under the wage contract which expires at midn't. Actual mining will continue until about noon.

DIGNIFIED SILENCE.

The interviewer—And please, sir, what have you to say on the subject of anonymous letters?

The Great Man—Stupid missives! I admit I invariably read anonymous letters—but I never answer them.—L'Illustration, Paris.

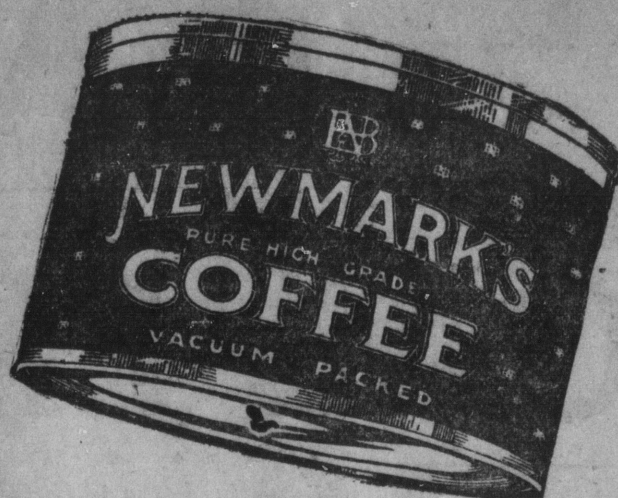

CURED BY A NATIVE HERB

On board a vessel bound for India recently a man was bitten by a poisonous reptile; both the ship doctor and a famous surgeon failed to control the poison fast spreading through his system.

In a day the vessel reached port. An Indian medicine man was sent for, who produced a native herb which quickly allayed the poison and the man's life was saved.

Roots and herbs are nature's assistants in combating disease. That well-known medicine for ailments peculiar to women, Lydia E. Pinkham's Vegetable Compound, is prepared from roots and herbs, possessing medicinal properties of great value in the treatment of such ailments.

This is proved by the letters of recommendation we are continually publishing in this paper for it. adv

Free

Half-Pound Can of

"Newmark's" Coffee

Tomorrow is the Last Day

"Newmark's" Coffee Week" is proving a big success. The same delicious aroma and superior flavor which has made "Newmark's" a great favorite for the past 28 years is winning new converts each day throughout the Southland.

This coffee preference has not come from merely sipping a single cup. It is the result of cumulative impressions which have come with each succeeding cup of "Newmark's"

That is why we gladly offer you a Half-Pound Can of "Newmark's" Coffee without cost. We are willing to abide by your "coffee taste."—But you must act promptly, as "Newmark's" Coffee Week" closes tomorrow evening—April 1st.

At Your Grocer's Today or Tomorrow

The Half-Pound Can of "Newmark's" will be given you absolutely FREE by your grocer in connection with your purchase (today or tomorrow) of a 2 1/2-lb. can of "Newmark's" Coffee. Open the half-pound can first; serve it on your table (just as you would any other high-grade coffee). After this, if you still feel that you prefer some other brand, you may return the 2 1/2-lb. can (unopened) to your grocer, and he will gladly refund you the price you paid for it.

There's a Hamilton Brown Quality
Shoe for Every Foot

A lady came in to the store today and called for a Hamilton-Brown Shoe. "My husband," she said, "told me to be sure and get a Hamilton-Brown Shoe. He had bought this make of shoes when he lived in Illinois and he always found they were good."

Yes, this is the reason we are featuring this high quality shoe. We have found them the best shoes obtainable anywhere. We are showing these shoes in all late spring models for ladies, misses, boys and men, in all leathers. Hamilton-Brown Shoes are undoubtedly the greatest values now offered in good shoes.

CARTER—William N. Carter, 56, at his home, 905 South Birch street March 31, 1922.

Funeral services Monday, April 3, at 2 p. m. at the Smith and Tuttle chapel, with the Rev. William Jay Richards officiating.

Burial in Fairhaven cemetery with Santa Ana Lodge 1, O. O. F. officiating.

CHANNERY—At his residence, 1335 Grand Avenue, Santa Ana, March 30, 1922, Thomas E. Chantry, aged 88 years.

Services by the Rev. John Oliver, pastor of the First Methodist church, will be held from the Mills and Winbigler Mission Funeral home, April 1, at 3 p. m. Interment in the family plot at Fairhaven cemetery.

COLLEGE GLEE CLUB
DELIGHTS AUDIENCE

Those who composed the large audience at the First Baptist church here last night, today were of the opinion that the concert given by the Philomela chorus, the girls' glee club of Reginald university, was one of the most interesting musical events of the season.

Under the direction of Charles H. Marsh, head of the piano department of the Redlands Conservatory of Music, the young women gave a concert of careful phrasing, sure attack and splendid ensemble work.

The program was both interesting and varied. Professor Marsh was heard in his arrangement of "The Night Has a Thousand Eyes." Miss Marion Boulet sang the obligato from Debussy's "Mandolin" and "Love Has Eyes," by Bishop.

MEN who are keen judges of value appreciate the unusual worth of clothes "Tailored to Measure by Born."

They look for sensible style, dependable woollens, honest needle work, long wear; they find all in Born Tailoring.

And men who value these features find added satisfaction in the economy afforded by Born prices.

City and County

In view of the ever-increasing enrollment in the dairy department of the farm bureau, members of the committee who met yesterday at the A. H. Moore ranch in Westminster, decided to defer action on the annual butterfat competition until July 1, when the enrollment may be more complete.

L. A. Block, Costa Mesa; C. D. Leudke and A. A. Oldfield, Garden Grove; S. H. Druce, Anaheim; George Waring, Orange, and Secretary R. D. Flaherty constituted a committee from Orange county which was this afternoon in conference with the directors of the Foultry Producers' association, Los Angeles. Problems incidental to the marketing of the poultrymen's product were to be considered.

Fathers of boys who belong to the Elks Boy Scout troop, No. 9, are to meet with the troop tonight to make plans for a fathers' and sons' hike to be held next week.

Stockholders of the Orange County Trust and Savings bank were receiving notices today advising them that the annual meeting of stockholders of the financial institution would be held at the bank at 9 a. m., April 10, for the election of a board of directors and the transaction of other business that may come before the meeting.

Robert Nicholson, of Oakland, who lived at Orange when a boy, is now assistant hydraulic engineer with the state railroad commission. This week he was at Huntington Beach examining property of the Huntington Beach water company.

DEATH SUMMONS
S. A. PIONEER,
AGED 88

Funeral services will be held tomorrow at 3 p. m. for Thomas E. Chantry, 88, Santa Ana pioneer who died at his residence, 1335 Grand Avenue, yesterday.

The Rev. John Oliver, pastor of the First Methodist church, will be in charge of the services, which will be held from the Mills and Winbigler Mission Funeral home.

Mr. Chantry had been a Santa Ana resident for thirty-five years. He leaves his wife, Mrs. Ruth A. Chantry, and eight children.

Mr. and Mrs. Chantry had been married for sixty-six years. Nine children were born, one of whom, Mrs. Esther Clark, died a few months ago. Those living are J. A. Chantry of Santa Ana; Mrs. Mary E. Greelley of Twin Falls, Idaho; J. M. Chantry of Salt Lake City, Utah; Mrs. Emma Couchman of Fredonia, New York; Mrs. Laura Veteran of San Francisco; Mrs. Hannah Isom of Crow's Landing, Cal.; Charles E. Chantry of Alhambra, Cal.; and William E. Chantry of Ontario.

I. O. O. F. ATTENTION.
The Brothers are requested to meet at the Hall at 1:45 Saturday to attend the funeral of our late Brother W. N. Carter. EDGAR WILDE, Noble Grand.

CLAIM COW EMBEZZLEMENT.
Search was being made by the authorities today for a man known as Taylor wanted on a charge of embezzlement brought by L. B. Butterfield, of Santa Ana. Butterfield accuses Taylor of embezzling a cow.

"Wear-Ever"

seven-inch HARD THICK SHEET
Aluminum Fry Pan

LIMITED
This offer extends from March 30 to April 8, 1922
for ONLY 49c

For a limited time we are offering this seven-inch "Wear-Ever" Fry-Pan—which regularly sells for \$1.20—for 49c. "Wear-Ever" utensils are made from hard, thick, cold-rolled sheet aluminum—metal which again and again has been passed through gigantic rolling mills and subjected to the pressure of huge stamping machines.

This special offer is made so you can see for yourself that Aluminum utensils are NOT all the same. SEE the difference—FEEL the difference—KNOW the difference—between ordinary aluminum and "Wear-Ever."

Market Report

WALL ST. JOURNAL
FINANCIAL REVIEW

NEW YORK, March 31.—After another remarkable demonstration of strength which carried to a new high level for 1922 representative stocks like Baldwin Steel, common, Studebaker, New York Central, Pennsylvania and a long list of other standard industrials and rails, the New York Stock exchange suffered a sharp setback during the afternoon.

Naturally it was the issues which had experienced the greatest advances that suffered most on this break. Baldwin, Studebaker and Chandler, which had extended its previous high limit for the movement during the morning trading, retreated an average of two points on a quick dip but got better support from the first reaction.

During the morning hours the motor stocks and the related groups far outdistanced the great market in the extent of their advances. Following the lead of Studebaker and Chandler, General Motors, White and Hup moved forward and sensational advances were made by Mullins, Body and Kelsey Wheel.

When the market turned reactionary towards the close the steel stocks, which as a group had achieved the highest levels yet this year, reacted the most sharply. The steel industry by acting as a stabilizer, while the market proceeded in the general list, the market closed reactionary.

Closing prices included:
Baldwin Steel, 95 1-2, off 1-2; Bethlehem Steel, 85 1-2, off 1-2; Lackawanna, 85 1-2, off 1-2; Crucible, 87; Baldwin, 111 1-8, off 1-8; Mexican Petroleum, 120 1-8, off 1-8; Royal Dutch, 14, off 1-4; Texas Company, 44 1-4, up 1-4; Studebaker, 112 1-2, off 1-2; Chandler, 15 1-4, up 1-4; U. S. Rubber, 52 1-4, up 1-4; Kelsey Wheel, 45 1-2, off 1-8; Anaconda, 12 1-2, off 1-2; Utah Copper, 33 1-2, off 1-2; New York Central, 86 3-8, off 1-8; O. & N. E., 7-8, off 1-8; Southern Pacific, 86 7-8, up 1-4; Corn Products, 108 3-4, up 3-4.

CHICAGO BOARD OF TRADE
CHICAGO, March 31.—Grain prices declined on the Chicago Board of Trade today. Large offerings for which there was little demand, caused the reaction. The shipping demand, reported light, was the cause of lack of demand.

SHEEP—Receipts 6,000; market steady to 25c higher; lambs, \$13.75@14.00.

SAN FRANCISCO MARKETS
SAN FRANCISCO, March 31.—Lower prices were reported on Imperial Valley lettuce today, while Los Angeles lettuce was improving in quality and bringing higher prices.

Supplies of sprouts continued heavy and the movement was slow.
River celery supplies were increasing and the quality improving.
Asparagus receipts were heavy but prices remained unchanged.
In the poultry market, broilers were in less demand, but the market for leghorn hens showed some improvement. Oranges, bananas, lemons, potatoes, sweets, tomatoes, mushrooms, rhubarb, peppers, peas, spinach, asparagus, supplies light. Pineapples, good celery, sprouts, beans, pumpkins.

SUGAR AND COFFEE
NEW YORK, March 31.—Sugar, dull; raw, 38; refined, quiet, granulated, 52@55.

CITRUS MARKET
NEW YORK, March 31.—Thirteen cars oranges; no lemons sold today.
Orange markets strong on best lot; 10c lower on other qualities. Average range from \$5.54 to \$7.56. Highest price paid for 20 boxes Polo, \$7.85.
Weather rainy; 8 a. m. temperature, 36.

BUTTER AND EGGS
LOS ANGELES, March 31.—Butter, 36; Eggs: Extras, 20 1/2; case count, 26; pullets, 23 1-2.

LIBERTY BOND MARKET
NEW YORK, March 31.—Liberty bonds closed: 3 1/2, 98.22; Second 4 1/2, 98.24; First 4 1/2, 98.54; Second 4 1/2, 98.38; Third 4 1/2, 99.45; Fourth 4 1/2, 98.60; Victory 3 1/2, 100.06; Victory 4 1/2, 100.82.

FOREIGN EXCHANGE
NEW YORK, March 31.—Demand sterling opened today at \$4.37 3/4; lire, .0511 1-2; francs, .0902 1-2; marks, .0034 1-2.
The list closed strong. Demand sterling, \$4.37 1-2; francs, .0901 1-2; lire, .0510; marks, .0034 3-4.

BANK CLEARINGS
LOS ANGELES: \$14,500,145.25.
Pasadena: \$522,007.74.
San Diego: \$586,231.03.
Portland: \$3,711,635.47.
Tacoma: \$1,581,000.00.
Seattle: \$3,886,729.00.

'HOME' CONTEST
ENTRIES SENT
TO JUDGES

That the essay and poster contests in the city schools in connection with last week's campaign of the Santa Ana Realty board on "Own Your Home" were very successful, was evidenced today in the announcement by Joseph Smith, chairman of the committee on the contests, that more than fifty essays had been received, with more to follow, and in the announcement by Miss Hazel Bemis that more than a hundred posters were drawn by pupils of the lower grades.

Prize winners in the poster contest in grammar schools have been determined through the process of elimination. The corps of teacher in each building acted as judges and the prize winners in each school were selected by the teachers.

Each of the following schools had one class entered in the competition: McKinley, Jefferson, Roosevelt, Lincoln, Spurgeon and Franklin. Washington held the contest in two classes. The first six schools had a first prize of \$2, and at McKinley honorable mention was given to two pupils. Washington school had three prizes, \$3, \$2, and \$1 each.

Following are the prizes:
Washington—Asth grade, Miss Helen Gould, teacher; Helen Cammen, first; Harold Breeding, second; Loretta Wiggins, Kirby Temple, tied for third. McKinley—Asth grade, Miss Grace M. White, teacher; Dorothy Ohart, first; Harold Winn and Audrey Dohme tied for honorable mention. Spurgeon—Bth, Miss Clara Blesener, teacher; Lavelle Grabill, Lincoln—Beth, Miss Josie R. Eilers, teacher; Mary Miramonte, Jefferson—Beth, Miss Mary Coffman, teacher; Mildred Paul, Franklin—Beth, Miss Edna Copeland, teacher; Rosella Deschler, Roosevelt—Beth, Miss Myrtle Foster, teacher; Virginia Pope.

O. M. Robbins, secretary of the Home Mutual Building and Loan association of Santa Ana, and the Rev. F. T. Porter, pastor of the First Christian church, have been selected as judges in the essay contest. Robbins today had in his possession approximately fifty essays, evenly divided on the subjects of "Own Your Home" and "Santa Ana Your Home Town." The judges, it was expected today, would announce the winners in a few days.

QUASH CHECK CHARGE
A charge of issuing a fraudulent check, filed against R. C. Remington was dismissed today by Justice J. B. Cox on motion of the prosecution. Remington was accused of having passed a no-fund check for \$40 upon Fidel Sepulveda, of San Juan Capistrano, last August.

Great for Bad
Coughs and Colds

Make Your Own Medicine and Have the Best There Is.
You'll Say It's Good When All Mucus Disappears and Clean Healthy Membrane Is Your Reward

Here is an inexpensive home made remedy that you can't beat, and one that will quickly bring up that phlegm, stop the snuffling, relieve the clogged nostrils, make breathing easy and cause stubborn colds and persistent coughs to vacate—many times over night.
Try it right away if you suffer from Catarrh, Chest Colds or any irritating nose or throat troubles and you'll be glad, you run across this little bit of advice.
Get from any drugstore, one ounce of Paracetamol (double strength) add to it a little sugar and enough water to make one half pint. You can make it in two minutes and when it is mixed you can pride yourself on having a medicine that acts directly on the membrane of the nose and throat and acts so effectively that all phlegm, all tickling and inflammation speedily disappears.—Adv.

HIT BY FIRE

(United Press Leased Wire)
NASSAU, BAHAMA ISLANDS, March 31.—Nassau, mecca for winter tourists and center of rum-running activities, was partly in ruins today as a result of a fire.
The fire started in the laundry of the biggest tourist hotel here, The Colonial, and spread, forcing firemen to dynamite other buildings to save the city from destruction.
There were no casualties and the fire was brought under control today.

Bennie Krueger's Orchestra**
that's packing famous Delmonico's in New York with dancers every night, in its own toe-tlingling interpretation of "On the 'Gin, 'Gin, 'Ginny Shore" and others.
Brunswick Dance Records!—that's enough to say. Hear the new ones today.

Brunswick

DOCTORS DIFFER ON BIRTH OF LAD LEFT BY SIAMESE TWINS

CHICAGO, March 31.—Doctors here today clashed over this question: "Is Frantz Blazek the son of Rosa Blazek or of both Siamese twins who died here yesterday?"

On the question, which will be threshed out in Cook county probate court, will depend the disposition of an estate of \$100,000 left by the famous pair.

Dr. Breakstone stated today that Rosa was the mother of Frantz, the 12 year old boy. He

said the twins must be considered as different entities.

Dr. C. W. K. Briggs holds that Frantz is the offspring of both sisters as they cannot be considered two complete persons.

In case it is decided Rosa is the mother, Frantz will be bequeathed \$50,000 and Josefa's fortune will be sent to her family in Czechoslovakia. In event it is decided Frantz is the son of both, the entire \$100,000 will go to him.

See The Old Stage Coach at Townsend & Medbery.

LINIMENT DRINKING CAUSES JAIL RIOT

OAKLAND, March 31.—Prisoners in the Alameda county jail here rioted early today. Jail windows were smashed and several prisoners hurt.

Anything movable was thrown and cries of the prisoners set up a din which was heard for blocks. Police quieted the outbreak.

Police said that liniment smuggled into the jail and consumed by prisoners was back of the riot.

BANQUET AT LAGUNA HONORS JOE SKIDMORE

LAGUNA BEACH, March 31.—Under the auspices of the local sanitary board, a banquet given Thursday night, at the Hazel Cafe, was in the nature of a "thank you" to Joe W. Skidmore.

For years the sanitary board, which was started under the name of the Improvement Association, was kept alive, pampered, coaxed along and induced to continue in existence by the unselfish efforts of Joe Skidmore.

His varied and continuously enlarging interests preclude his devoting more time to the now well established sanitary board. But the present officers of that organization deemed fit to show their appreciation of his well directed efforts in the past, and the banquet was tendered by an active few who spoke the minds of the preoccupied many. E. E. Jahraus very creditably delivered a speech in which Skidmore was praised for his unselfish labors.

With exceptional brevity, in unambiguous terms, Skidmore expressed thanks for the dinner given in his honor. As regards the quality of the meal, Mr. Moen's reputation has been substantiated by equivalent performance. Those present were Mr. and Mrs. Skidmore, E. E. Jahraus and daughter, Miss Pauline; C. R. Clapp and wife; Roy Peacock and wife; C. N. Brown and wife; Austin Cody and wife, and D. D. Whitten.

According to the 1920 census, the density of population of the United States is 35.5 per square mile.

ARTIST, VICTOR IN FIST DUEL, UNDER GUARD

(United Press Leased Wire)

CARMEL, Cal., March 31.—Classic Carmel was wondering today what would be the next step in the troubles between Theodore Criley, artist, and Harry Leon Wilson, writer.

Many courses were open and equally possible.

Some thought that peace was at hand; others that Wilson would make another move in keeping with his reported promise to make Criley "pay and pay and pay;" there was talk of a slander suit by Criley against Wilson and there were many other rumors in the air.

Wilson has not been seen around Carmel since Saturday. He is believed to be at his home on the wind swept cliffs, contemplating the future and the wild waves which beat almost in his door yard.

Criley's home was placed under formal guard today by authorization of the Monterey county district attorney's office.

"I had really made up my mind to take a beating," Criley was said to have admitted to friends, "and it was the surprise of my life when I didn't."

Charles K. Van Riper and Ernest Schwinger, the latter proprietor of Carmel's leading grocery store, who acted as Wilson's seconds, admitted that published accounts of the actual "duel" probably were "mainly correct" but they did not care to talk about it.

Van Riper is a member of the cultured Carmel colony and so does not discuss the happenings of its inner life, and Schwinger, of course has his business to look out for.

NEW TRIAL DATE SET IN GOLD THEFT CASE

Arthur Foster, alias Scott, charged with burglary, will face trial April 10 instead of this afternoon, as first scheduled, it was decided today. Superior Judge Z. B. West continued the date of trial because the court calendar for this afternoon was occupied with another case.

Foster, who was recently found locked in the office of Dr. W. J. Lawie, Anaheim dentist, was accused of having taken a quantity of gold from the dentist's laboratory. He explained his presence there by saying that another man, whom he thought to be the owner of the suite, had brought him there for dental work, then had left while Foster was asleep locking the door from the outside.

Dr. Lawie had been absent from his office for several days when he returned, finding Foster locked inside.

Hotel Arrivals

The New Rossmore—J. R. Miller, Chicago, Ill.; R. M. Stiles, San Francisco; Mr. and Mrs. N. L. Outratt, St. Helena; Mr. and Mrs. R. P. Henderson, Napa; Miss Lucy Wilson, Napa; H. J. Quayle, Riverside; B. Locoi, San Francisco; Mr. and Mrs. H. D. Day, Denver, Colo.; J. Arch Gamel, Dallas, Texas; Mr. and Mrs. F. W. Settle, San Diego; P. G. Bartlett, Pasadena; W. J. Hethering, San Francisco; J. C. Kiesling, St. Louis, Mo.; George E. Shield, San Bernardino; A. G. Atchinson, Santa Barbara; G. P. Atchison, Santa Barbara.

St. Ann's Inn—Mrs. M. E. Clark, San Diego; John O. Roberts, San Diego; Mr. and Mrs. R. M. Henderson, Los Angeles; F. P. Kersling, St. Louis, Mo.; Mr. and Mrs. M. F. Drafen, Los Angeles; Charles D. Love, New York City.

YOUTH BLAMES WIFE OF BENEFACTOR FOR ATTEMPTED SLAYING

KITTANNING, Pa., March 31.—"She," cried Eugene Sanz, young Cuban and alleged lover of Mrs. Amelia Whann, pointing dramatically to the woman accused of instigating a murderous assault upon her husband—"She urged me twice to do away with him and I consented."

Two hours of cross-examination today failed to shake the testimony of the youth, who admits he struck down his wealthy benefactor, Dr. John Whann.

The doctor sat beside his wife in court, warm in his protestations of her innocence despite the damaging story told by Sanz of his intimate relations with the defendant.

"I will never believe that she had anything to do with this crime," he said.

OIL WORKERS HELD IN GILR CASE TO PLEAD

Arraignment of Eddie Allen and Leo Val Day, Huntington Beach oil workers who are charged with a statutory offense against a 14-year-old Santa Ana girl, was scheduled for next Tuesday at 9:30 a. m. today, when information against them were filed by Deputy District Attorney D. G. Wettlin in Superior Judge R. Y. Williams' court.

At that time the two defendants are expected to enter pleas to the charge, through their attorney, L. W. Blodgett, of Huntington Beach. They were recently held to answer to the charge, by Justice J. B. Cox.

SET TRIAL DATE IN CLOTHES THEFT CASE

Trial of R. L. La Salle, charged with grand larceny, was continued today by Superior Judge R. Y. Williams to Monday, April 3. The case was originally set for 2 p. m. today.

La Salle, arrested recently at San Bernardino, was charged with stealing clothing and a stickpin to the value of \$200 from M. D. Hardin, Santa Ana.

Altar Society

Everyone concedes that the members of the Altar Society of St. Joseph's Catholic church are wonderful cooks. Therefore the announcement that they will open a cooked food sale tomorrow morning at the building formerly occupied by the Sam Stein store, gives rise to pleasurable anticipations.

Everything imaginable in the way of meats, breads, baked beans, salads and pastries will be offered, while the delicious cakes will be worth a table all to themselves.

Approximately \$20 will be spent for each resident of the United States by the government as a result of and for defense purposes in the fiscal year 1923.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

Personals

Walton Finn, Joseph Hayhurst and Victor Walker, members of the senior English class at Poly high school motored to Los Angeles last night for the Walter Hampden performance of Macbeth. The class has been studying Shakespearean drama with stress laid on Macbeth.

Mr. and Mrs. Arnold Peek, 1425 North Main street, were Los Angeles visitors today.

Mrs. Marie Keller of Los Angeles is the pleasant houseguest of Mr. and Mrs. C. W. Longmire, 530 Ross street, having planned her stay to include the presentation of "The Truth" by the Community Players, in which Miss Lucille Longmire takes a prominent part.

Mrs. D. B. Peterson, 1009 North Bush street, left today for her cottage at Laguna to spend the remainder of the week planning to return to this city Sunday.

Miss Tacy May Hanna, daughter of Judge Hanna of San Bernardino, and head of the dramatic department of San Bernardino high school, is a houseguest in the C. W. Longmire home, 530 South Ross street. Miss Hanna was an interested attendant at the Community Players' production of "The Truth" last night.

Miss Ruth Rowland, of the high school faculty, leaves tonight for San Francisco where she will spend the spring vacation with friends.

Mr. and Mrs. Roland E. Dye, 520 South Van Ness street, had the pleasure of entertaining Mrs. Dye's sister, Miss Nellie Collins of Redlands university who was in the city as a member of the Redlands College Girls' Glee club appearing at the Baptist church last night.

G. E. York, 829 North Flower street, will leave tomorrow for a short stay in San Francisco.

William Lehman, 1377 San Diego avenue, left yesterday for Portland, Oregon, via the Southern Pacific.

THERMOS BOTTLES \$1.25

Pint Size

For picnics, for the worker, for any number of purposes, these genuine Thermos Bottles are invaluable. With their sanitary container and the attraction of their exterior, they can be used with the most expensive picnic outfits. But we cannot promise them to late customers, as we anticipate a rush for them at this \$1.25 price.

Loving Farewells Voiced Upon Departure for Foreign Missions

When Mrs. Sadie Welton leaves this city tomorrow, on the first stage of her long journey to Korea and the foreign mission field, "she will carry with her, concrete evidence of the love and good will of her friends and sisters among the Daughters of Veterans of Tent No. 10.

Mrs. Welton was the guest of honor yesterday afternoon, at a friendly gathering, at G. A. R. hall where Daughters whose birthdays chanced to fall in February or March, entertained. These hostesses were Mrs. Sarah Brown, committee chairman, and Mesdames Alice Ludlow, Martha McKee, Lillian Arms, Carrie Darnell, Hannah McKee, Beren Baker, Edith Carey and Hattie Siegfried.

In their plans for entertaining their guest of honor they extended an invitation to the young people of her family to be present also, and the little group composed of the pretty, girlish daughters, Mary-Eleanor and Barbara and the manly sons, Henry and Charles, were welcomed in the hall where their soldier grandfather, J. T. Nourse, once was an active member of patriotic societies and a worker along patriotic lines.

A short program opened the afternoon, a pleasing reading by Mrs. McArthur being the first number. This was followed by a clever little skit, "Leaven on Noyes Cream" in which Mrs. Brown and Mrs. Nellie Parker took the part of two women from humble mountain homes. Their quaint touches of costume and many words and phrases familiar to those who ever knew the mountaineers of the Ozark regions, gave a delightful touch to the little dialogue which was thoroughly enjoyed and appreciated by all.

"Sad Hour of Parting" was the appropriate name of the vocal duet offered by Mrs. Estelle Ludwig and Mrs. Emma Chapman, with Mrs. Helen McFee at the piano. The voices of the two singers blended beautifully, and the song touched a responsive chord in the hearts of those who heard it.

At the completion of the program, the guests were asked to the banquet room where the attractive appearance of the red, white and blue festooned walls, was heightened by the great vases of yellow mustard and jonquills arranged the length of the tables.

The guests were seated for the enjoyment of the appetizing refreshments after which Mrs. Chapman, president of the D. of V. spoke of Mrs. Welton's departure, and introduced Mrs. Leonore Ward, a friend of long standing, of the guest of honor.

Mrs. Ward spoke of her knowledge of Mrs. Welton at the time the latter returned from her first furlough as a Korean missionary, sent out by the local First Presbyterian church, and also took occasion to voice a little humorous wish that Henry, the tall young son of the honor guest, who, like his parents, will enter the missionary field, might never know the necessity of taking such lengthy walks to call on his future wife, as his father had to take during his courtship of Mrs. Welton, then Miss Sadie Nourse.

Stationed at a point nearly 150 miles from Seoul, Mrs. Miss Nourse was stationed, Mrs. Welton, in order to see her and pursue his courtship, walked the entire distance in face of his school's faint disapproval. That his courtship was successful, speaks for itself.

Mrs. Brown, on behalf of the Daughters, then presented Mrs. Welton with an interesting appearing box to be opened and enjoyed on the journey to Maryville, Tennessee, which begins tomorrow.

There, the three older children will enter college preparatory school, according to their plans, as outlined by Mrs. Welton in her response. The three have pledged themselves to work in the mission field and will pursue the calling of their parents when their preparations are completed.

After seeing her little flock settled, Mrs. Welton with Charles, the youngest of the interesting family, will join her husband at Taifu, Korea, there to take up again her work among a people she characterized as being lovable, well educated and capable of becoming a wonderful Christian race, as is being exemplified in the splendid second generation of Christians now growing to manhood and womanhood.

Simple Ceremony Unites San Bernardino Couple

Announcement is made of the marriage here last Tuesday evening of Mrs. Marie Rogers, daughter of Mr. and Mrs. C. M. Johnson, a prominent San Bernardino family, and Lawrence W. Hennessey, son of Mr. and Mrs. S. J. Hennessey, also well known in San Bernardino.

Judge J. B. Cox officiated at the service and the young couple were attended by Mr. and Mrs. Dalmar Devening, of Fullerton, Mrs. Devening and the bride's sisters.

Following the ceremony the party motored to Fullerton where a smartly-appointed supper was enjoyed at a downtown cafe.

Simplicity Marks Wedding in Villa Park

Last Monday morning the parsonage at Villa Park was the scene of a quiet wedding when Miss Lois Chatterton, of Santa Ana, and Orval B. Handy, of Huntington Beach, were united in marriage by the Rev. L. P. Hitchcock.

Mrs. Lynn Chatterton, mother of the bride, and Mrs. Harry Handy, mother of the groom, witnessed the ceremony.

The young couple will make their home in Santa Ana after returning from a short trip.

The Hawaiian Trio In Native Song Group With Pomona College Trio

club appears at the United Presbyterian church Monday night, April 3, it will have, as one of the special features, the members of the Hawaiian Trio, who are literally singing their way through college.

Wherever the glee club has appeared, the trio of singers, Ung Soy Atok, Ernest de Silva and Lionel de Silva, has been received with the utmost interest and pleasure. The instruments they play include the steel guitar and the ukulele and their songs are all of their native isle. Their voices are said to be as weirdly beautiful as their music, and their personality is such as to endear them to their fellow members of the glee club.

The appearance Monday night is under the auspices of the intermediate Christian Endeavor society and while no admission will be charged, a silver offering will be taken. The concert opens at 8:15.

Ebbel Travelers

FIRST SECTION.
Mrs. I. W. Van Cleave will entertain the members of the First Travel section of Ebbel club, Monday afternoon at her home, 317 Halesworth street.

Smart Bridge Party Offers Entertainment to Charming House Guest

The presence of Mrs. Hazel Billingsley of Los Angeles, as the delightful houseguest of Mrs. Robert Mize, offered incentive to Mrs. Mize and Mrs. Harvey Gardner for a pleasantly informal little social affair Wednesday night, when they entertained at the Mize home, 405 South Ross street.

Bridge offered its fascinations to the guests assembled, and a totalling of the scores for the evening resulted in Mr. and Mrs. Arnold Peek being awarded the handsome, hammered copper tray which was the head prize. Mrs. Billingsley held low score, receiving as a measure of consolation, a deck of fine, gold edged playing cards, with the implication that she was expected to practice and become a head prize winner.

Following the gift award, the tables were decked with orchid baskets, filled with golden jonquills to harmonize with the masses of flowers used throughout the pretty home. The baskets were further adorned with fluffy tulle bows, also in orchid tints. An appetizing and dainty supper menu was served after which, with Mrs. Peek at the piano, Elmer Heidt sang a group of songs, to the enjoyment of the rest of the party.

Those present included in addition to the two hostesses and their husbands, Messrs. Mize and Gardner, and Mrs. Billingsley, guest of honor: Mr. and Mrs. Arnold Peek; Mr. and Mrs. Tarver Montgomery, Mr. and Mrs. William H. Spurgeon Jr., Mr. and Mrs. H. Marvin Morrison, Mr. and Mrs. A. W. Williams and Mr. Elmer Heidt.

Ladies' Aid

An interesting session of the south section of the Ladies' Aid society of the First M. E. church was held yesterday at the home of Mrs. Leonard or Bush street.

The afternoon's sociability was increased by the serving of a delicious tea, consisting of creamed chicken with tea, coffee and cake, at which time the attractive little Easter souvenirs were distributed among the twenty or more guests present to enjoy Mrs. Leonard's hospitality.

Interesting Session of County Music Teachers Presents Excellent Program

That a census of all music teachers in the state would be taken by the State Musical association, was announced by Miss Lena Catherine Shepard, president of the Orange County Music Teachers' association at the latest meeting of the organization held at the home of Mrs. Arnold Peek, 1425 North Main street. This census will then be printed and a copy kept on file in every public library. It was stated. A committee was appointed to take care of the work in this county.

Saturday, May 13, was announced as the date for the musical contest in which all high school pupils of the county are asked to compete. This will be carried out along the lines of the county forensics, with events in voice, piano, violin, glee clubs—both boys' and girls'—and orchestras. The main event in Santa Ana on May 13 will be preceded by local contests in each school the winners of which will be eligible to enter the finals.

Following the business announcement and discussions, Miss Shepard, who was presiding, turned the meeting over to the program committee which offered an evening's entertainment opening with a violin selection by Miss Ethel Evans of the Fullerton Junior college. This was enjoyed to such an extent that she gave a second number, equally pleasing.

American composers figured in the rest of the program which was presented by one of Santa Ana's favorite vocalists, Mrs. H. M. Sammis, and Russell Rowland of the high school.

Many styles of composition were exemplified in the group given by Mrs. Sammis, who preceded each song with a few explanatory remarks as to its type or nature. The singer's voice and interpretation alike, were delightful and with Miss Ruth Armstrong playing the accompaniments in her usual charming and sympathetic manner, the group was thoroughly enjoyed the program offered. "The Nightingale has a Lyre of Gold," "Whisper," "Sylvia," "Speaks," "Hard Trials," "Negro Spiritual by Burleigh," "Across the Hills," "Rumel," "How's My Boy?" "Sydney Homer," "Elli, Elli," Schindler.

The appearance of Rowland, in a

MOVE TO BRING 10,000 ROTARY MEN HERE

The ten thousand delegates expected to be present at the annual convention of the International Association of Rotary Clubs to be held in Los Angeles, June 4-9, will be brought to Orange county and entertained with a big barbecue at Orange county park, if an ambition of the clubs of this county is realized, it was learned today.

The clubs of Santa Ana, Orange and Anaheim have already started negotiations with William Graham, conference secretary, who is now in Los Angeles, for inclusion of an Orange county day in the convention program, according to William H. Spurgeon Jr., president of Santa Ana Rotary.

Definite plans for entertaining the delegates here have not been worked out and will not be undertaken until it is certain that Orange county Rotarians will be successful in their effort to get a day on the program.

In event they are successful other organizations in the county will be asked to co-operate in the big undertaking, for it is too large for the county clubs to handle by themselves, it was pointed out. Various features for the day have been suggested and discussed, the most prominent of which is the barbecue and evening entertainment at the county park.

Delegates will be present from twenty-two nations and Rotarians believe that by arranging a tour through the county, with a conference at Santa Ana, possibly, and an unusual program at the park, the county will receive an advertising "boost" that will be worth thousands of dollars.

DRIVER ACCUSED BY GIRL FACES COURT HERE

A charge of battery against L. S. Alcock, 829 Riverline avenue, preferred by a local school girl whom he was alleged to have attempted to take forcibly upon a joyride, was scheduled to be heard at 2 p. m. today before Justice J. B. Cox.

Alcock, it was charged, stopped the girl and her two sisters on Fairview avenue, while they were going home from school March 14.

They accepted an offer to ride home in his car, but claimed that he refused to let them out.

One of the girls charged that he seized her when she started to leap from the car.

DATE OF REVIVAL SET AHEAD A WEEK

The opening date of the revival services to be conducted by the Rev. Jerry Jeter for the Spurgeon Memorial M. E. church South has been postponed from April 9 to April 16.

The postponement follows a request of the people of Phoenix, Arizona, where the evangelist has been holding successful revival services, to the Rev. Jeter to remain with them a week longer than the original schedule called for.

The Rev. Jeter, as well as being an expounder of the simple gospel as taught by the Saviour when He was on earth in a manner that appeals to the reason of men, women and boys and girls, is also a trained vocalist, a cartoonist of more than ordinary ability, a modeller in clay, and a painter in oils.

Mrs. Jeter is a profound student of the Bible and a wonderful organizer of young people and in getting them interested in things worth while.

The Jeter tabernacle will be erected on the vacant lot owned by the county on the east side of Sycamore street between Sixth and Church streets.

The evangelist and his wife not only come without any financial guarantees for their services or expenses, but he places \$1000 in the bank when he arrives in Santa Ana, to pay for the tabernacle. He requires no security for a return of that sum of money, other than his faith in the people of this community who will be given an opportunity at the close of the revival services, for a free will offering. The expenses of lighting, sanitation, advertising, and other incidental expenses, will be met by the usual evening offerings.

The Rev. Jeter has requested that he be provided with a small cottage or bungalow, furnished for light housekeeping.

REALTY CASE TRIAL NEARS COMPLETION

Completion of the trial of F. A. Moreno's suit against J. A. Goetz and D. W. Emmett, involving recovery of \$770 which Moreno claims to have paid the defendants on two lots he did not receive title to, was expected today in department 1 of the superior court.

While probate matters crowded the court calendar today, Judge West hoped to find time for hearing the rest of the Moreno-Goetz-Emmett case, which was not finished at yesterday's session of court.

SUSPENDS SENTENCE
Merced Savallo, Talbert Mexican woman charged with disturbing the peace by Marciano Lopez, also of Talbert, was today given a suspended sentence of 30 days in jail, following her trial before Justice Cox.

THE CREAM

The cream of newspaper circulation is HOME circulation—the papers that are delivered directly and regularly to the subscribers' doorsteps. That is the circulation you can depend upon. Day after day it goes straight to the mark—into the home, where the buying impulse originates. Over NINETY-EIGHT per cent of The Register circulation in Santa Ana is delivered to the home. Less than TWO per cent is sold by newsboys and newsdealers. That's why REGISTER advertising brings such good results.

LEGION MEN HIT 'CARNIVAL' AS FETE'S NAME: PLAN 'PARTY'

Huge Entertainment Here April 15 Will Not Give Nothing for Something

VETERANS RUSH PLANS

Syncoated Melodies, Band Concert and Mysterious Attractions Loom

American Legion officials here are out to correct two erroneous impressions.

In the first place, they want to make it plain that their festival, recently announced, is to be held in the new Central market April 15, instead of April 10.

Then the Legionnaires desire it to be made clear that the affair is to be a "party" and not a "carnival."

"A carnival savors too much of roulette wheels; of taking something and giving nothing," declared Francis Westgate, one of the committee-men in charge of plans for the coming event. "In the past the Legion Post has relied upon the patriotism of the public, in return for whose help it has given little or nothing in return. We are going to give everyone full value for his money at the community party next month."

And that is the theme which is being carried out as the ex-service men make preparations for the "time."

No concessions will be let to any but Legion men and auxiliary women, according to a recent decision. The public is thus assured that any profit which may be made will go into the treasury of the Legion alone.

Will Hold Dance
Now about the plans.

There is going to be dancing, of course. There will be plenty of room for 2000 or more folks in the spacious building, and the concrete floor will be smooth.

This is assured, says Frank ("Brick") Grouard, who is in charge of a committee on research of slippery floors. It is admitted that in the past dancing on concrete floors has resembled wading through a quagmire, but Grouard claims that all this will be eliminated by scientific treatment.

As a result of his efforts toward research, ten or a dozen Legionnaires may be seen sliding and skating recklessly about on as many squares of the sidewalk in front of the armory. For the committee has set aside each square as a test plot, and has applied to each various waxes and lubricating materials to discover the best for use April 15.

And the orchestra—m-m-m-m-m-m! Fred Chapman is on a still hunt for the best dispensers of syncoated tones in this section.

Mystery Veils Plans
Then, there's to be a band concert and—here we stop, for the Legion officials stopped at that point of their story, and we pass the pause along to you. For there's dark, deep, purple, clouded, veiled mystery surrounding that concert.

MAN WITH FRACTURED LEG RESTING EASILY
With both bones of one leg fractured below the knee, Aurelia Alvarado, 24, of Anaheim, was getting along well at the county hospital today, following an accident at Anaheim yesterday. Alvarado was knocked from his bicycle by an automobile, the wheels of which passed over his leg.

Report of two members of the committee appointed three weeks ago to investigate operation of municipal plants in Southern California was received and filed. A discussion resulted in which it was suggested that the Santa Ana Realty board should take the initiative in the development of an organized move for acquisition by Santa Ana of a municipal distributing plant, with electricity to be purchased wholesale, unless it could be demonstrated that current could be generated under steam for less than a wholesale company would supply it.

Upon suggestion of Linn L. Shaw, Santa Ana Realty board at noon today, Glenn D. Willaman, Los Angeles, managing director of the California Real Estate association, declared that the next legislature will be asked to pass measures giving additional consideration to the just needs of real estate dealers who have established businesses. Licensing in this state, said Willaman, was secured through the efforts of realtors.

Everett A. White, Santa Ana, appointed by C. C. Tatum, state president, as regional director of Orange, San Diego, Riverside and Imperial counties, will leave this afternoon with Willaman for visits to Escondido, East San Diego, Coronado and San Diego realtors. The seventy-second realty board in the state will be organized by them at Escondido.

Willaman declared the Santa Ana board to be one of the best, strongest and most active in the state. He pointed out that when its membership of twenty-eight is raised to fifty-one the board will be entitled to a second state director.

Rambling Around

Gossip of the City
By Eddie West

Jacob Crownenshield, formerly an apricot rancher of Hannah street, but now retired, has a good many cronies. And they are putting in a lot of their time kidding him these days.

When Crownenshield was operating his apricot camp he was once asked concerning the condition of the year's crop.

"How should I know?" he replied. "I haven't been in that orchard for three years."

But even at that Jake was known as a real apricot rancher. "Jake," Paul Knauf said to him the other day, "I guess you are taking things easy these days aren't you?"

"What do you mean, easy?" Jake asked.

"You've retired haven't you?" "Oh, yes, I've just about gone into conclusion."

NEW UNDER THE SUN
Rambling around isn't such a bad occupation, at that. One gets to see the building improvements, the store windows and scores of little odd happenings. The reporter saw a woman with a long skirt today.

HE MAY, MAY NOT
The Rev. George N. Greer, pastor of the First Reformed Presbyterian church, will deliver the baccalaureate sermon to the graduating class of the Santa Ana High School, Sunday, June 4.

That is, he will if ministerial duties don't interfere as they have in the past two years.

The Rev. Mr. Greer was selected as baccalaureate speaker at the meeting of the Santa Ana Ministerial union last week. He was also selected last year and the year before but both times he was called from the city to attend synods.

DID IT WORK?
Here's a new angle for stalled motorists.

It seems that A. J. Crookshank, W. B. Williams, J. Howard Turner, O. M. Robbins and A. W. Rutan were on their way to hear Herbert Hoover, U. S. secretary of commerce, at Los Angeles, the other day. The party were in

Willaman Praises Realtors' Activity
In an address delivered to the Santa Ana Realty board at noon today, Glenn D. Willaman, Los Angeles, managing director of the California Real Estate association, declared that the next legislature will be asked to pass measures giving additional consideration to the just needs of real estate dealers who have established businesses. Licensing in this state, said Willaman, was secured through the efforts of realtors.

S. A. LEGION MEN LOOK FORWARD TO CAL. MEET

San Jose Will Be Scene of 1922 Convention; Great Fete Planned

All former leathernecks, gobs, doughboys, signal corps men, "bronc" busters, pencil wielders and artillerymen in Santa Ana—attention!

Ever hear of San Jose? If not, San Jose Post No. 89, American Legion, will tell you all about the city of the greatly maligned prune when you go to the 1922 convention, department of California.

The fourth annual convale and outing will take place in August at San Jose. Exact dates await word from National Commander Hanford MacNider, who will make a summer tour of the Western states.

Local Legionnaires are, of course, more than interested in the plans for the gathering. A delegation of fourteen will probably represent Santa Ana Post No. 131, it was stated.

To Name Delegates
The delegates will be elected at the meeting just preceding the convention, probably about August 1. Commander Maurice Enderle said today. The local Women's Auxiliary will send a delegation at the same time, it was stated.

Thirteen delegates went to last year's convention at Yosemite, but an increase in membership is expected to entitle the local post to one additional representative.

Fully 5000 delegates are expected for the five days of the assembly. San Jose post is raising a \$10,000 convention fund with the entire Santa Clara County Legion council back of the move.

Big Fete
Bands, parades and a barbecue at Big Basin midst the redwoods are on the schedule.

President Harding, invited to the Shriner's gathering at San Francisco, has been asked to address the convention. James D. Phelan, now on a world tour, has been called that the Legionnaires want him to attend.

Housing committees are preparing surveys of San Jose and nearby towns to care for the visitors. Alum Rock park, municipally owned, will be open for motorists wishing to camp.

A one-cent per mile railroad rate is being sought. Pledges have been made there will be no boost in prices in San Jose during the convention. The post will publish a 100-page convention program and historical review, covering civic progress and legion activities of the entire state.

CAR REPORTED FOUND
ERE DRIVER TURNS UP
A few minutes after L. W. Sorenson, 210 East Walnut avenue, informed the police that he had found R. C. Best's Buick car in an alley near his home, Best himself entered police headquarters to report the theft of his car from in front of the Murphy tent show at Third and Birch streets. The car was found at 11 p. m. yesterday by Sorenson.

MAN HURT WHEN CAR TURTLED RECOVERING
J. H. Dennitts, Los Angeles, who was badly hurt when his automobile overturned near Galivan, was making satisfactory progress toward recovery, it was stated today at the county hospital, whither he was brought late Wednesday. Dennitts sustained a deep scalp wound and was severely shaken up in the accident.

NEW DRY HEAD IS NAMED FOR HAWAII
WASHINGTON, March 31—Appointment of John F. Colburn of Honolulu as Federal prohibition director for Hawaii was announced by prohibition headquarters. He succeeds Patrick Gleason, who resigned recently.

BATTLE OF KIN OVER WILL TO BE AIRED

Sister Against Brother and Sister at Odds Over Requests

Sister against brother and sister appeared to be the array in prospect this afternoon at a scheduled court hearing, involving distribution of the Susan L. Beebe estate among heirs of the late Anaheim woman, whose children are at odds over the settlement of affairs.

Charges of forgery and fraud, but thinly veiled, have been hurled by Bird L. Beebe, of Anaheim, and Leona Butterfield of Los Angeles, against their brother Dr. Jay L. Beebe, of Anaheim, and their sister, Susie D. McAulay, of Fullerton.

In an objection which they filed to the administrator's petition for a decree of distribution, they alleged that the terms of their mother's will were changed without her consent to divert some of the estate from Leona Butterfield to Dr. Beebe and Mrs. McAulay; also that notes amounting to \$9,250 have been withheld from mention in the petition for distribution.

A certain note for \$3,200, said to have been endorsed by the mother to her daughter, Leona, was tampered with by her network of falsehoods, to sweet tenderness and gayety. Her greatest heights were reached in the scene with her husband—faithful, high minded Tom, Raymond Shulte—when Raymond, knowing she has just dismissed Fred Linden from her presence, listens to her almost hysterical statements.

Mrs. Jackson was delighted in the role, which she handled with the gay insouciance which is its particular need. With marked versatility, she leaped from the fear and worry caused by her network of falsehoods, to sweet tenderness and gayety. Her greatest heights were reached in the scene with her husband—faithful, high minded Tom, Raymond Shulte—when Raymond, knowing she has just dismissed Fred Linden from her presence, listens to her almost hysterical statements.

If you should ask these questions of yourself tonight, what would the answers tell you? Of a life without progress; doomed to go on into a dependent old age, or, of a life well spent with the visible evidence as proof.

Statistics tell us that seventy per cent of the men of America are dependent in their old age. Isn't that cause for thought? Are you going to be one of the majority or are you going to be independent? It is Now that you must decide.

We are here for the express purpose of helping you gain that independence. We are ready to advise you and assist you in every possible way. All that we ask of you is that you will help yourself. The most efficient method that is known today is simply to **SAVE YOUR MONEY**. Simple, and yet there are thousands who have not yet learned the lesson of thrift—who have never had the pleasure of having money **WHEN IT WAS NEEDED**. To those men we say: "The road to independence is through the savings bank."

The Farmers and Merchants Savings Bank

CHAPMAN TELLS HOW BONDS ARE ON BALLOT

(Continued from Page Seven)

two sewer bond proposals that are to appear on the ballot next Tuesday should be carried.

"Those bonds are of tremendous importance to the city," he said. "Objection to any other of the bonding proposals ought not to be allowed to cause anyone to lose sight of the vital need that this city has for adequate sewerage. This city has to do something. It cannot possibly continue as it has been operating. The district attorney and the grand jury certainly will not stand for dumping our surplus sewage into open ditches any longer.

"Lest there be some who may have been misled into believing that a way out of our difficulties lies in the presence of the sugar factory cutoff," continued Chapman, "let me point out this. At present we have a 12-inch line leading to that cutoff. That line absolutely will not carry our sewage to the sugar factory line. Why, one of the lines leading into the 12-inch line is an 18-inch line. And the sugar factory cutoff is a wreck."

City Trustee J. W. Tubbs declared that any proposition under which the city would be called on to take over the sugar factory line might sound all right from the standpoint of the sugar factory, but from the standpoint of the city, Tubbs cannot "see" it.

Sugar Line Dangerous

"The sugar factory line is in such condition that its use by the city is exceedingly dangerous. We have to maintain the line, under our rental use. Buy it? I should say not, no more than I would buy an automobile that was battered and broken and running its last mile on one cylinder. Part of the line east of the river has been broken here and there by tractors. Along the river, nobody knows in what condition the line is. Holes here and there had wooden covers. The line has been covered with several feet of sand. When the wooden covers rot away the line will fill with sand. Where will we be then, without any cutoff at all? That cutoff is absolutely out of the question.

"To my mind the sewer bonds are of such vital consequence that I cannot see how anybody who has the interest of this city at heart can possibly vote against them."

Chapman pointed out the advisability of voting for both sewer propositions.

"The two go together," he said. "It takes the two to make the system. One is for the cutoff and the other is for the main lines under which the entire city can be given adequate sewerage."

J. C. Metzgar, secretary of the Chamber of Commerce, today was arranging to select speakers to make five-minute talks at the theaters next Monday evening. The speakers will merely outline the plans and urge that every voter interest himself in the project and cast his vote, one way or the other.

The special civics affairs committee of the Chamber, composed of the presidents of six of the most active civic organizations in the city, has assumed responsibility for an organized effort to get voters to

MEMORIAL DRIVE PLANTING PLANNED

(Continued from Page Seven)

and a fill below, successful planting would be difficult.

Nothing but native trees and shrubs are to be planted along the memorial drive. Several oaks and sycamores are growing beside the road near the county park. These, of course, will be retained. The committee proposes to plant the half mile comprising the drive to oaks and sycamores, with various well known Orange county out-door shrubs and small trees, including California holly, monkey flower, sumac, salt bush, gooseberry bush, and Matilija poppy, for filling in.

Boy Scouts of the county are to aid in gathering trees and plants. Tomorrow a group of boys are to be taken into the hills by Northcross and Scout Executive R. E. Dye, to be shown how to select and ball the plants that are needed. These boys will be leaders of squads that will be collecting next week. Arrangements are to be made tonight for the Santa Ana Elks troop under

FORMER AUSTRIAN ARCHDUKE IS PAUPER

BASEL, Switzerland, March 31 — The former Austrian archduke Leopold, who broke with the house of Hapsburg ten years ago as a result of his marriage to a Viennese actress has applied to the little town of Regensburg for aid from the paupers' fund. His wife, whom he divorced, has also asked for aid.

Geo. Post, Bikes, opposite P. O.

Scoutmaster William McKay to go one day next week to a ranch in Aliso canyon, where young California holly in large numbers may be obtained.

Members of the Memorial Drive committee are N. T. Edwards, Willard Smith, Orange; George Sloop, Anaheim; R. C. Northcross, William McKay, T. E. Stephenson, Walter Vandermaast and R. E. Dye, Santa Ana.

FULLERTON NINE TO MEET FOUR OUTFITS ON ROAD NEXT WEEK

FULLERTON, March 31.—The local high school baseball team, under the leadership of Coach "Shorty" Smith, will leave here Monday on a baseball tour that will include Redlands, San Bernardino, Colton and the Sherman Indian Institute near Riverside. The locals have been defeated but once this season, taking the small end of the score in an early game with the Sherman Indians. During the last few weeks the team has struck a winning stride, however, and is now at top form, having defeated the Santa Ana squad early last week.

Fullerton expects the Whittier team to be its hardest opponent in the race for county league honors. These two teams will tangle on April 12, the scene of the game to be announced later. The schedule next week calls for a game at Redlands, Tuesday; San Bernardino, Wednesday; Colton, Thursday, and Sherman Indians, Friday.

MISS CAMERON WINS SECOND ROUND MATCH

SAN FRANCISCO, March 31.—Miss Margaret Cameron, Southern California golfer, won a brilliant match yesterday in the second round of the Northern California championships at the Lakeside links from Mrs. Robert Roos by a margin of seven and six.

TWO IOWA TOWNS PICK WOMEN MAYORS

DES MOINES, Ia., March 31.—Women candidates for mayor were elected at St. Charles and Calamus. Mrs. C. J. Young was elected mayor of St. Charles by a small majority. Mrs. Harry Steadman is the new mayor of Calamus.

Voters at Charlotte, Mount Vernon and Lenox defeated women candidates for mayor. Women were elected to the city council in several towns.

SPORT GOSSIP

NEW YORK, March 31.—Johnny Weissmuller, 17 year old swimming phenom of the Illinois Athletic club, made a new world's record last night when he swam 200 meters in 2:18 1-5. The New York Athletic polo team defeated the Illinois team 4 to 3 and won the national A. A. U. championship.

NEW YORK—Tex Rickard had "nothing to say" about his plans to promote a bout this summer between Carpentier and Tunney or Carpentier and Greb. "I'll have something to say as soon as my attorney will let me talk," he said.

MERIDIAN, Miss.—Frank Frisch

got a triple and a single, knocked in two runs and scored one himself. The Giants beat Memphis 4 to 0.

HOUSTON, Tex.—Brooklyn scored three runs in the tenth inning after tying it up in the ninth and beat the Yankees 4 to 3.

DALLAS, Tex.—The Cleveland Indians break Spring training camp here tonight.

OMAHA, Neb.—Adolph L. Anderson of Omaha A. C. won the junior 220 yard national championship in the swim meet of the Western and National A. A. U. here last night. His time was 2:44 4-5.

CHICAGO—Thirty entrants representing 20 states have been re-

ceived for the fourth interscholastic basketball tournament at the University of Chicago, April 5, 6 and 7.

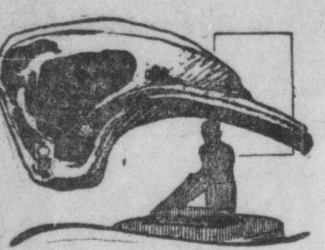

OAKLAND, Cal.—The Chicago Cubs lost their stride yesterday and were defeated by Oakland 15 to 5. The game was called in the eighth because of rain.

CHICAGO—Champion Jake Schaefer today made plans for his 182 balkline billiard championship match with Welker Cochran. The match will probably be played here. Schaefer announced that he will train for the Cochran match just as hard as he did for the Hoppe contest.

TO PLANT BIG VINEYARD
CALEXICO, March 31—Land is being prepared for the planting of more than 1000 acres to grapes in Lower California, near Mexicali. The project is declared to be in charge of a large Mexican syndicate, which plans to spend many thousands of dollars to get the vineyard started with a view to the manufacture of wine and grape by-products when the vines are producing. The land in

the vicinity where the vineyard is being prepared is declared to be especially suited to grape culture. Early table grapes as well as wine grapes are to be grown, according to announcement here. The syndicate plans to manufacture among other things, marmalades, jams, grape-juice and grape syrup.

FOURTH AND BROADWAY

ORANGE

ORANGE, March 31—Mrs. B. M. Culler who has been visiting at the home of Mr. and Mrs. Maurice Perry in Hemet, has returned to her home in El Modena.

The W. C. U. met Tuesday afternoon at the home of Mrs. Elizabeth Mills of South Orange street.

Mrs. W. P. Read, of El Modena, is now convalescing after relapse, due to influenza.

William F. Scott is somewhat improved. He is at his home on North Center street.

The Rev. George A. and Mrs. Francis were Los Angeles visitors yesterday.

Mr. and Mrs. C. A. Wood, of South Orange street, entertained friends Sunday. They were Mrs. E. C. Gooch, Miss Sara Gooch of Los Angeles and Miss Ida Cambridge, of Hollywood.

Born to Mr. and Mrs. William F. Kroener, of Chicago, Ill., a son, March 24, Mr. and Mrs. Kroener were formerly residents of Orange.

Mr. and Mrs. Arthur Grouts with Mr. and Mrs. Charles Chase were recent guests at the Frank Scovell home.

Mr. and Mrs. David Hunt are spending several days at Manhattan Beach.

Mrs. Cland Morey and young son, of Huntington Park, are the house guests of the P. H. Mellor home at 419 East Maple avenue.

The Second Household Economics department of the Woman's club of Orange held its regular meeting last Wednesday at the home of Mrs. George W. Smith of South Shaffer street.

Mrs. V. D. Johnson returned last week from a visit of several months duration in Mesa, Arizona.

Mr. and Mrs. D. C. Pixley, of North Shaffer street, entertained over Sunday, Mr. and Mrs. Argies Dean and children, of Nuevo, and Mr. and Mrs. Glenn Marx and children of Los Angeles.

Mrs. Ray O. Van Bibber was a Los Angeles visitor yesterday.

The sad intelligence stating the death of Miss Alma Kirkham at her home at Bridgeport, Mono County, was received yesterday. Miss Kirkham was formerly a student in the high school here. Death followed an operation.

J. C. Hoge, of Santa Ana, was a business visitor here yesterday.

Mrs. A. H. Bibber, who has been in Berkeley for ten days on business returned to her home Friday.

Joseph Schuster, who has been very ill at his home on North Harvard, is improving.

Mrs. C. A. Woods and her daughter, Mrs. William White, are in Los Angeles attending the Presbyterian.

The Wednesday Afternoon Embroidery club met at Mrs. Otto Loesch's, East Palmyra avenue, yesterday with a fine attendance of its members.

Mrs. A. E. Hibbs, of Garden Grove, but formerly of Orange, died Tuesday night. Mrs. Hibbs was taken sick Sunday evening being unconscious till death came. She leaves a husband and seven children. The funeral was held Thursday at the Methodist church at 2 p. m. the Rev. S. S. Sampson officiating. Interment was in Fairhaven cemetery.

Next Friday evening at the Baptist church a reception will be tendered to the newly received members.

After being a guest for the past three weeks at the Frank J. Collins home, Mrs. Hazel Bellingsly returned yesterday to her home in Los Angeles.

Henry Wellage, of 569 East Culver, died at his home, March 28, after an illness of three weeks.

The funeral was held from the Smith and Tuthill chapel Thursday afternoon, the Rev. G. A. Stierle officiating. The body was shipped to Hallam, Nebraska, for burial.

A. R. Smith was a business visitor in Los Angeles today.

NEW HUNT FOR TREASURE IN SOUTH SEAS

PAPEETE, Tahiti (Society Islands), March 31—Interest has once more been aroused in the treasure reputed to be buried in the Island of Pinaki, one of the coral islands to the eastward of Tahiti, and a new association has been formed in Tahiti to seek for the treasure. The story is that during the confusion of a revolution in Peru some sixty or more years ago a church was looted of a rich treasure of gold and precious stones by four men, who succeeded in getting it to the coast, where they buried it in a safe place, afterward making their way to Panama.

Having obtained a schooner there they returned to Peru recovered the treasure and sailed to the westward intending to make Australia their destination. The fact that they possessed no papers presented an insurmountable obstacle to their gaining entrance to any port without rigid investigation. So they determined to bury the treasure on an uninhabited island in the Paumotu until such time as they could charter in Sidney a schooner for some alleged trading enterprise and sailing with proper papers return to the island.

When afterward, in pursuance of this plan, they reached the coast of Australia they sought an unfrequented part of the coast, scuttled their schooner and coming ashore in the guise of shipwrecked sailors, endeavored to make their way to Sidney overland. Two only by name

Killrain and Brown, arrived in Sidney, the other two having been killed in a fight with bush natives. Such is the story of the burial of the treasure.

The tale of the attempts for its recovery begins in 1912 or 1913, when one day on the streets of Sidney a man by the name of Thompson was accosted by an elderly beggar seeking alms. On giving the man a small sum Thompson was surprised by the request for his name and address, which he carelessly gave and thought no more of it.

Some time later he was summoned to one of the hospitals of the city. There he discovered that the one who had asked for him was the beggar whom he had befriended some time before. The old man told him that he had sent for him to disclose to him the resting place of a great treasure which he and three others had buried on a lonely island many years before; that they had fallen on evil days and were never able to

return to the island and that he, Killrain, being the only survivor of the company and about to die, did not wish the secret to perish with him.

PROPERTIES PASSING INTO PRIVATE HANDS

RIGA, March 31—Siberian mining and industrial properties are rapidly passing into private hands, says a dispatch from the Russian official telegraph agency at Moscow. The Siberian department of the supreme economic council reported that up to Dec. 1, 1921, out of 130 lease agreements signed, 70 were to private concerns.

Three gold "trusts" or working combines wherein a number of mines are to be operated by government agencies conducted along commercial lines, have just been formed in Siberia. Salt and metal "trusts" have also been formed and a number of

so-called "autonomous" combines, privately directed, have been created under names long familiar on European stock exchanges.

PROPOSED PALESTINE CONSTITUTION READY

JERUSALEM, March 31—Publication of the newly proposed constitution for Palestine which was completed after long discussion between representatives of the British government and of Arab and Jews of this country caused widespread rejoicing and a good deal of dissent. It is evident that the extremists on all sides of the controversy here are not satisfied but on the other hand there is an apparent majority who regard the new draft as a compromise which should satisfy the aspirations of all concerned. These generally express the hope that the new constitution

will be speedily adopted and confirmed by the League of Nations.

On the other hand the dissentists, Arabs and Jews alike, have organized themselves to obtain the modification of some of the terms in the draft. The natives want the granting of nationality to be made contingent upon a residence of five years instead of almost no residence as proposed.

The Zionists object to giving the Arabs a majority in the legislative council.

"CLARENCE" TO BE FILMED
"Clarence," Booth Tarkington's great comedy, has been purchased by Paramount for production in the near future by William de Mille, who has just finished "Bought and Paid For" and who returned to Hollywood this week to begin work on "Nies People," the Rachel Crothers' play, which ran all last season on Broadway. Clara Beranger, who did the scenarios for "Bought and Paid

For," and "Miss Lulu Bett," Mr. deMille's two most recent pictures, and who has just finished the script for "Nies People," will do the scenario. "Clarence" is the second Booth Tarkington play to be done by Paramount this season, George Fitzmaurice just having completed "The Man From Home," in Italy.

GOVERNOR OF ALASKA 'FREEZES' IN CHICAGO

CHICAGO, March 31—Governor Scott C. Bone, of Alaska, arrived and hugged the steam radiator at his hotel and sighed for the balmy atmosphere of his Alaskan home. He had just arrived from New York, on his way West, and says he encountered execrable weather all the way.

MOTHER!

Open Child's Bowels with
"California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even a cross, feverish, constipated child loves its "fruitful" taste, and mothers can rest easy because it never fails to work all the sour bile and poisons right out of the stomach and bowels without griping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

WOMAN CHIROPRACTOR RECONSIDERS, ACCEPTS OFFER OF PROBATION

Dr. Vanetta Henderson, Fullerton woman chiropractor, today withdrew her refusal of Superior Judge West's probation offer, and accepted it, thus averting a 90-day jail sentence that faced her as a result of her recent conviction by a jury of practicing without a state license.

When convicted and sentenced last week, Dr. Henderson declined the offer of probation, stating that she felt her acceptance would hamper the chiropractors' fight for admission to practice in the state. She, at that time, paid a \$100 fine, which accompanied the jail sentence.

The trial date was fixed after the court had overruled a demurrer, filed by Attorney Clyde Bishop and W. F. Menton, defense counsel, to the information against Holt and Walker.

The trial date was fixed after the court had overruled a demurrer, filed by Attorney Clyde Bishop and W. F. Menton, defense counsel, to the information against Holt and Walker.

What are the ingredients in a plum pudding and where do they come from? Draw roughly, on a small scale, a parallelogram, pentagon, octagon, cube, heptagon.

Name eight different varieties of apples, giving a short description where possible.

FIX TRIAL DATE FOR ACCUSED CONSTABLE

Trial of W. A. Holt, Orange constable, and Ernest Walker, of that city, both charged with a statutory offense involving a 16-year-old Orange girl, was today set for May 3 at 10 a. m. by Superior Judge Z. B. West.

The trial date was fixed after the court had overruled a demurrer, filed by Attorney Clyde Bishop and W. F. Menton, defense counsel, to the information against Holt and Walker.

INSPECT SITES FOR PROPOSED Y BUILDING

The committee on site for a Y. M. C. A. building in Santa Ana today visited a number of proposed sites preparatory to submitting a report to the general committee at the luncheon and meeting to be held at James's gold room at noon next Monday. The site committee is composed of the Rev. J. A. Stevenson, P. A. Robinson, Charles H. Chapman, R. Y. Williams and W. H. Spurgeon Jr.

During discussions at the committee meeting last Monday E. B. Sprague suggested that a location be secured that would be between the business center of Santa Ana and the high school, to make the building more available to students of high school and junior college. The Rev. Mr. Stevenson declared that he would like to see the Y. M. C. A. reverse in Santa Ana—the custom of locating prominent public buildings off the main highway and suggested a location on South Main street, at the corner of Walnut.

See The Old Stage Coach at Townsend & Medbery.

S. A. MAN CONVICTED IN DRUNKEN DRIVER CASE IS SENTENCED

Sentence of six months in the county jail was pronounced today by Superior Judge Z. B. West, who refused probation to George Newman, of Santa Ana, convicted of driving an automobile while under the influence of intoxicating liquor.

Newman was arrested several months ago following an automobile collision five miles from Laguna Beach. His trial and conviction took place early this week.

M'PHEE QUOTES C. A. JOHNSON ON OUTFALL

Editor Register: There has been so much loose talk during the discussion of the impending municipal bond election that it may possibly be considered in order to touch upon some few points in connection therewith to the end that there may be a clearer understanding of some of the issues involved and that proof instead of propaganda be offered the taxpayers who will be called upon to pay the freight.

Briefly then it may be stated, that no sane citizen questions the necessity for an adequate outfall sewer system, but there is grave doubt in the minds of many as to the wisdom of assuming the burden proposed to be imposed without fuller understanding of the whole situation, and this doubt has not, and will not be dispelled by more or less able argument of special counsel for proponents of the plan whose sensational plea for support of the sewer bond issues has so far failed to carry unanimous conviction.

These are the salient points in opposition: According to statements made by presumably reliable authority, an estimate made some three years ago by a competent engineer put the cost of an outfall sufficient of capacity to serve the needs of Santa Ana for twenty-five years, was \$127,000, all of the cost to be borne by the city, while many of the certain additional construction and under a partnership plan with the city of Anaheim, Santa Ana's share of the expense is set at \$321,000.

We are also assured that the right to use the sugar company's pipeline is only held on sufferance and may be revoked on thirty days' notice and the picture is pointed of Santa Ana swimming in sewage with no possible means to relieve the situation, notwithstanding the fact that the present system has served the city for the last nine years and will have to suffice for the next year at least, even if the bonds shall carry.

And just to keep the record straight and to assure those interested that the situation is not so gloomy as painted, Mr. C. A. Johnson, manager of the sugar company was interviewed yesterday on the subject of use by the city of Santa Ana of the company's pipeline and this is what he said:

"We have nothing but the kindest feeling for Santa Ana and are, and have always been willing to co-operate with the city trustees in the use of our pipeline for disposal of the city sewage."

Up to about a year ago we charged the city of Santa Ana \$200 a month as rental for the pipeline and kept it in repair, but since then we have not used the line and naturally declined to assume the responsibility of keeping the line in order for the comparatively small sum theretofore paid as rental, and since then we have had an arrangement with the city trustees whereby the latter paid for maintenance of the line in addition to the \$200 a month paid as rental charge.

"We are still willing to continue this arrangement and Santa Ana may either maintain the line herself, under our supervision, or we will do the necessary work and charge the cost to Santa Ana."

"I feel sure that Santa Ana may have the use of the line for at least one more year and possibly longer as if there should be an insufficient beet crop the pipeline will not be needed by us, and I am willing right now to sign a contract to that effect."

Mr. S. W. Sinsheimer, general manager of the Holly Sugar Company's interests was present at the time and he had this to say: "I do not desire to interfere with any plan Mr. Johnson may propose, but from present prospects I think it safe to say that your city may have the use of our pipeline for two years yet, although I naturally do not care to be quoted as fixing a definite date in the future when we may need the line."

—George McPhee.

SANTA CRUZ ORDERS 'LITTLE VOLSTEAD' LAW

SANTA CRUZ, March 31—The board of supervisors by a unanimous vote instructed District Attorney R. H. Smith to prepare a "little Volstead" prohibition enforcement ordinance.

Fishing Tackle (new stock), Hawley's.

The Farmer's Dollar

is worth 100 cents and more when it buys Blatchford's CALF MEAL

250 pounds of Blatchford's Calf Meal is equal to a ton of milk as a feed for calves. Compare the cost. Then order a supply of Blatchford's. It grows strong, thrifty calves and saves 85% of the milk usually used for calf feeding. Dairy-men everywhere recommend it.

GUILTY VERDICT ENDS TRIAL OF CHIROPRACTOR

Convicted by a jury, which deliberated two and a half hours before finding him guilty, Dr. A. D. Anderson, Santa Ana chiropractor, today awaited sentence for practicing without a license from the state board of medical examiners. Superior Judge R. Y. Williams, following the verdict late yesterday, fixed next Monday at 9:30 a. m. as the time for pronouncing judgment.

The case went to the jury yesterday afternoon following an eloquent

appeal from Deputy District Attorney C. N. Mozley, who reminded the jurors of their duty to uphold and enforce the law, regardless of their personal opinion of the law in the case at hand. Many of the jurors, when selected, had stated their dislike of the legislation which barred chiropractors from practice.

Mozley pointed to the example of the court and of the prosecuting attorney in proceedings against chiropractor cases brought to their attention, in emphasizing the duty of the jury to fulfill their oath, irrespective of personal feelings or belief.

The prosecutor declared that he, himself, disliked the particular law in question and would help them defeat it at the polls, the proper place, he said, to remedy legislative ills. The courtroom was not the place for such remedy, he asserted.

Attorney Griffith Jones, counsel for the defense, appealed for an acquittal. He asked the jury why

barbers, who treat dandruff, a disease of the scalp, and masseurs in Turkish baths, who treat gout, were not prosecuted.

"Why is it that the special agent of the medical board seeks out the chiropractors only?" he asked. "Think it over," Jones advised. "Like Postum, there's a reason," he added.

ALLIES TO WITHDRAW TROOPS FROM SCUTARI PARIS, March 31—The allied council of ambassadors decided that the international troops occupying Scutari, Albania, should be withdrawn. These forces are entirely Italian, although they are occupying the town in the name of the allies. The decision to withdraw the troops is understood to be due to civil strife existing in Albania.

See The Old Stage Coach at Townsend & Medbery.

DYE BLOUSE OR BABY'S COAT IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

Orange County's Finest Music Store Shafer's Music House

The House of Everything Musical

415 N MAIN STREET

Buy Service With Your Instrument.

Why We Stated In a Recent Ad "If it isn't a VICTROLA is is a disappointment"

We have the best reasons for making this statement. During the season we repair a great many talking machines. But in all the years that we have been doing this there has been but comparatively few requests for the repairs of Victor Victrolas.

Yet every near we sell hundreds of Victrolas. Victor goods are made right, they give service.

The Victor Company has best records and the greatest variety of records. You can easily prove this by using Shafer's Complete Victor Service.

And don't forget that there is but one Shafer's Complete Victor Records and Victor Service. We sell Victor Goods exclusively. Everything from needles to machines. For anything bearing the Victor label—try Shafer's first.

New Pianos are arriving Daily

With our years of piano selling and our knowledge of music we do not believe that any of the pianos we carry can be surpassed anywhere in the world at their price. We are constantly increasing our piano sales through advertising of those who have purchased here and been pleased and satisfied. Is there a piano in your home today? Wouldn't it be worth while to consider placing one of these newly arrived up-rights there?

BANJOS

Comparatively easy to learn to play, the Banjo is particularly appealing. It invites the attempts of the lover of music who has not had the time or fortune to learn more difficult instruments. A complete stock to choose from.

VIOLINS

Never have we had such an excellent assortment of violins from which a student or an artist can take his choice. A complete stock of strings, bows, etc.

Is Your Kitchen all Gas?

PERCY AND FERDIE—True Love Has a Rocky Road To Travel.

By H. A. MacGILL, Creator of the Hallroom Boys

DOPE FAVORS SANTA ANA TRACK MEN TO TAKE FIRST PLACE IN MEET, VIEW

Local Athletes Outline Probable Results In Meet to Be Staged by County Schools Saturday; Gives Poly Squad Five First Places

By MILES CROOKSHANK
 Santa Ana wins the Orange county track meet. That is the word that will be issued tomorrow evening, if the dope holds good.

Just because one person has as much right to forecast the results of a track meet as another, the following score is presented:

In making the calculation, the writer has considered Kerr of Huntington Beach in the running. With him the outsiders would have difficulty in garnering 47 points. A win of another second place by Huntington Beach would allow Santa Ana to win by but one point.

The score, as doped out, should give Santa Ana, 56; Huntington Beach, 47; Anaheim, 24; Fullerton, 7; Orange, 1; San Juan Capistrano, 1.

Orange is a dark horse, but only one place has been allowed to that school.

The following imaginary score is presented:

100-yard dash—Cook (A.) first; McFadden (S.A.) second; Finley (S.A.) third; Messing (S.A.) fourth.

220-yard dash—McFadden (A.) first; Messing (S.A.) second; Cook (A.) third; Condon (C.) fourth.

440-yard dash—Finley (S.A.) or Cook (A.) first; Nash (H.B.) third; Harmes (O.) fourth.

880-yard run—Kerr (H.B.) first; Weissman (S.A.) second; Mann (A.) third; Ausung (H.B.) fourth.

1 mile run—Kerr (H.B.) first; Vatter (S.A.) second; Warner (F.) third; Ausung (H.B.) fourth.

120 yard high hurdles—Nichols (H.B.) first; McFadden (S.A.) second; Bickmore (H.B.) third; Osburne (F.) fourth.

220 yard low hurdles—Messing (S.A.) first; Claves (A.) second; Nichols (H.B.) third; McFadden (S.A.) fourth.

Pole vault—Bickmore (H.B.) first; Nichols (H.B.) second; Messing (S.A.) third.

High jump—Bickmore (H.B.) first; Nichols (H.B.) second; Osburne (F.) third; Bowe (S.A.) fourth.

Broad jump—Nash (H.B.) first; Messing (S.A.) second; Finley (S.A.) third; Claves (A.) fourth.

Shot put—Cook (A.) first; Jabs (S.A.) second; McDermot (F.) third; Hoagland (S.A.) fourth.

Discus—Stevens (S.A.) first; Nash (H.B.) second; Dungun (S.A.) third.

Relay—Won by Santa Ana.

Sunday's Fly-Casting Event has Local Fishing 'Bugs' on Edge

Fish "bugs" here today were agog with interest as Sunday's big fly-casting bee drew near. F. F. Noxon, who is handling the affair, today announced that the contest will start at 2 p. m. at Laguna lakes.

Tests will be made for accuracy, delicacy and distance. Anyone will be allowed to enter and Noxon states that the gathering is for the purpose of sociability and not to organize any clubs.

Noxon has been a life-long fish enthusiast. He formerly operated the Rainbow ranch and for many years was connected with the state fish and game commission as an expert.

At least twenty-five men have expressed their intention of entering the affair. Information may be secured from Noxon at the Robertson Electric company.

OMAHA MERCHANT KILLED BY ROBBER

OMAHA, Neb., March 31—Harry Hahn, proprietor of a jewelry and clothing store, was shot and killed by a bandit here when he resisted the robber's order to hold up his hands. The bandit escaped.

(S. A.) second; McDermot (F.) third; Hoagland (S.A.) fourth. Discus—Stevens (S.A.) first; Nash (H.B.) second; Dungun (S.A.) third.

Relay—Won by Santa Ana.

SPANGLER DEPARTS FOR NORTH TO RUN FOR SOUTH'S TEAM

Johnny Spangler, Santa Ana boy and star quarter-miler of the Occidental College track team, today left for a week's tour in the northern part of the state as a member of the Southern California conference squad.

The combined team, composed of men from Occidental, Pomona, Southern Branch, Whittier and Redlands will meet both the University of California and Stanford on the track.

Spangler will run a lap in the relay and probably the 440 yard dash.

THREE LOCAL GOLF PLAYERS DEFEATED

Only one Orange county golfer held his place yesterday in the annual tournament of the Los Angeles Country club. The lucky gentleman was F. B. Browning. All were successful in the first round of their respective fights, but in the second round three were defeated.

Lee Collins, who landed in the first flight, was defeated in the second round by T. L. Campbell, 2 and 1. F. E. Farnsworth, fourth flight, also went down in the second round, being defeated by D. S. Chisholm, 1 up, for 19 holes. Browning, in the fifth flight, defeated M. E. Hughes, 4 and 3. Lou Wallace, in the eighth flight, went down before J. C. Hodge, 4 and 3.

POLY NINE DEFEATS MOTHER COLONY MEN

Coach H. M. Morrison's diamond artists last evening defeated Anaheim in a league game on the Poly diamond, 12 to 5.

Morrison's men were not forced to exert themselves and played a clean game. But three errors were chalked up against the locals. Two of these were made by Lebard, and the other by Finley. Anaheim on the other hand registered a total of six errors, which dropped out at inopportune times.

LOCAL STORE SHOWS TRACK MEET MEDALS

Orange county high school athletes today were attracted to the show windows of the Osborn & Collins Men's Store, North Main street, where the trophies to go to the winning athletes in tomorrow's county track meet are on display.

There are in the neighborhood of three dozen medals in the group, while two cups, one donated by Carriker and Crowl, motorcycle dealers, and another by Osborn and Collins, add to the display. The Osborn and Collins cup will go to the winning relay team.

Gun and Locksmiths, Hawley's.

IMAN BALKS AT RETURN MATCH WITH MEXICO ON NEXT WEEK'S DELHI CARD

Jack Iman will not box Kid Mexico—at present.

This sad news was broken by Boyd Ellis today.

After much argument to and fro between various persons who witnessed the fray between Kid Mexico and Jack Iman last week, during which Kid Mexico stopped proceedings long enough to make himself a little speech and raise the question in the minds of a few fans as to what really had happened, it was thought a certainty the boys would be rematched to decide who was the better man.

But Jack said no, he wasn't ready to fight Mex. Just yet. Boyd didn't

say whether that meant Jack would never meet the Huntington Beach man again or whether he wanted a little more time to get ready.

That old timer, Spike Kelley, has been selected to fill the spot made vacant by Jack for next Wednesday's bouts. Spike, from accounts of his recent battles, is one of those rare veterans that can step around with any youngster and it is said he can tie speech and raise the question in the minds of a few fans as to what really had happened, it was thought a certainty the boys would be rematched to decide who was the better man.

The card up to date:

Kid Mexico vs. Spike Kelley.

Kid Louie vs. Bud Garber.

Henry Gatten vs. Paul Stanley.

Young McDonald vs. Willie Conroy.

THREE TEAMS IN EACH BIG LEAGUE READY TO GIVE NEW YORK OUTFITS WARM BATTLE

NEW YORK, March 31—Both New York clubs expect to be chased to the wire in the 1922 pennant race. Three teams in each league look to have the speed to keep up with the pace the whole route.

John McGraw says Pittsburgh and St. Louis are his most dangerous opponents. Despite the fact that the Cardinals looked the best team in the league at the close of last season, McGraw figures the Pirates are more dangerous. He says the Pittsburghers have better pitchers and an improved infield.

The portly leader of the Giants did not mention the Boston Braves as being there during the race and many others are quiet about Fred Mitchell's team. Some, though, who

have seen the team working down South are enthused enough to say the club has a good chance for the pennant.

Colonel Jake Ruppert, president of the New York Yankees, returned from the South a few days ago with the message that the American league champions were interested only in the St. Louis Browns and the Washington Senators. He dropped the Cleveland Indians with a shrug of the shoulder.

The Yankee players, however, maintain that the Indians are stronger than ever. They should know.

The St. Louis Browns, of course, looked just like their town mates of the National league last fall—the best club in the league.

All Heat—No Bother

This new invention in fireplace equipment throws out heat like a bed of live coal. Don't confuse this fire with ordinary gas heaters. It operates on an entirely new principle and the effects are marvelous and instant, like turning on a light in a dark room.

Get all the comfort out of your fire-place. Install one of these very ornamental and effective fires today.

THE PRACTICAL WAY

to advance the Own Your Own Home movement is to support the Building and Loan Association, which loans its funds to Home Builders. For 29 years we have helped Home Owners to buy or build. You should loan your money to us so that we can continue in this good work.

BEANS! BEANS!! BEANS!!!

It matters little what the price, if you don't get the beans. Great acres planted cuts no ice; if soil is shy of means. Plenty of water, won't bring a bean; if the soil, of one element, chance to be lean. The NITROGEN'S first to be cleaned out; plumb clean. And when that is done You don't get a bean. A man said to me t'other day in the bank: "I have your PURE CULTURE mostly warmly to thank; for TWENTY GOOD DOLLARS each acre produced—over side, by each acre, where none had been used. This was on 'BLACK-EYES'; the field DID NOT SHOW, but ware-house receipts showed, just what made them grow." Another man, one of the thousand who'll state that "ALL UP TO DATE FARMERS NOW INOCULATE"; said: "40 per cent more GOOD LIMAS he raised"; "No reason on Earth but the 'CULTURE' he praised."

C. Lincoln Bennett, Bacteria Merchant, 507 5th St., Tel. 1282-R.

WHY SUFFER FROM PILES

When the Viro-Non-Surgical method of treatment, which has been successfully used in hundreds of cases is within your reach? What we have done for others we can do for you.

We successfully treat itching, bleeding or protruding piles and all rectal diseases and their complications as Bowel Disorders, Constipation, Liver, Kidneys, Stomach, Prostatic, Bladder and associate nervous disorders; also Catarrh, Asthma, Gout, Skin Affections and All Chronic Diseases.

UPSET STOMACH

In five minutes "Pape's Diapepsin" ends

Indigestion Gases Flatulence
Sourness Acidity Palpitation

"Pape's Diapepsin" relieves stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief, its harmlessness, its certain action in regulating sick, sour, gassy stomach.

Keep the perfect stomach doctor in your home—keep it handy—get a large sixty-cent case from any drug store, and then if you should eat something which doesn't agree with you, if what you eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all indigestion vanishes. It is the most efficient antacid known; it overcomes stomach and digestive disorders is a revelation to those who—the certainty and ease with which it cures.

NEW BOOKS NOT FICTION PUT ON SHELVES

Fifty-seven new non-fiction books, dealing with travel, history and many other subjects, have just been added to the shelves of the Santa Ana library.

The name of the author of each book, and the title, together with publisher's statement concerning most of the books, follow:

New Non-Fiction

Lyman Abbott—"Silhouettes of My Contemporaries." "Leaders of their generations have some one characteristic which distinguishes them from their contemporaries." With unerring judgment this distinctive characteristic has been seized and held in these vivid sketches.

E. K. Adams—"Women Professional Workers." "This study will help the thoughtful under graduate, the 'misfitted' graduate, teachers and administrators, employers, professional workers everywhere, who are concerned with professional opportunities for the educated woman."

J. F. Allen—"Advertising as a Profession." Berman—"The Closed Shop." "In this book an effort is made to present fully and fairly both sides of one of the great public questions of the day in handy, convenient and concise form."

Florence Bolton—"Exercises for Women."

George Borup—"A Tenderfoot with Peary." "The young Yale athlete—the 'kid' of the Peary expedition—had the time of his life north of the Arctic Circle, and now tells his story in breezy language that will make readers sit up and chuckle."

Benjamin Brawley—"Short Story of the English Drama." "A readable and scholarly outline of the whole field of the English drama from the first miracle play to the work of our contemporary dramatists, intended to serve the purpose of general readers and the members of dramatic clubs, as well as of college teachers."

Alice Brown—"Louise Imogen Guiney." "A beautiful tribute to a rare spirit who though a contemporary American seemed rather to belong in the company of the Catholic poets of the school of Donne and Crashaw."

H. S. Canby—"Everyday Americans." "A study of the mind of the plain American, the bourgeois American, the type to which most of us conform, however unwillingly, in our thinking, our prejudices, our ideals, our limitations."

Princess Cantacuzene—"My Life Here and There." "Reminiscences of a girlhood in America including accounts of General Grant's last days, and of Washington and New York society; of later life and travels in Italy, Egypt, France, and the Riviera; of life in Russia at the court and in the country; as the wife of Prince Cantacuzene."

H. L. Cohen—"One-act Plays by Modern Authors."

P. S. Crowley—"Intimate Letters from Petrograd." "Vivid, actual, first-hand information about the Russian Revolution, most of which has not hitherto found its way into print."

W. H. Dixon—"Westward Hoboes."

"To read for fun as well as for the delightful selection of interesting spots from Galveston to Canada and around to Boston."

A. B. Dodd—"Up the Seine to the Battlefields." "The traveler who loves France—and what American does not?—is taken by Mrs. Dodd's on a fascinating present-day journey through historic towns and villages."

G. O. Draper—"Games." Jean Henri Fabre—"Animal Life in Field and Garden." Jean Henri Fabre—"More Hunting Wasps."

T. Paris—"Historic Shrines in America." "All that is already notable is covered and a surprising wealth of the little known is uncovered. The book is both learned and popular."

G. B. Foster—"Christianity in Its Modern Expression."

E. H. Glover—"Dame Courtesy's Book of Guessing Contests."

T. R. Glover—"Jesus in the Experience of Men."

Gorky—"Reminiscences of Tolstoy." "He talks most of God, of peasants and of women. Of literature rarely and little, as though literature were something alien to him. Woman, in my opinion, he regards with implacable hostility and loves to punish her."

Or this: "Sometimes he seems to be conceited and intolerant like a Volga preacher. How strange that he is fond of playing cards. He plays seriously, passionately."

F. H. Hall—"Good Form for All Occasions." "Beginning with the week-end visit and the duties of both hostess and guest. Next follow afternoon teas, debutante receptions, formal and informal dinners, luncheons, receptions, balls and card parties. The appropriate clothes for each occasion are specified, the form of invitation shown, and the behavior to be adopted and avoided."

M. E. Harrison—"Marooned in Moscow." "The dramatic story of an American woman's entry into Russia, her arrest and imprisonment, and final release, with a first-hand picture of a remarkable social order."

P. L. Haworth—"Trailmakers of the Northwest." "A story of the heroism and exploits which opened up our country, and of how the demand for fur led to great discoveries."

C. Lewis Hind—"Art and I." "All I have written here about my adventure is, for better or worse, just a true tale; in other words, 'Art and I' is the record of Art and myself."

Hotchkiss and Kilduff—"Advanced Business Correspondence."

H. G. James—"Local Government in the United States." "Discussing the government of cities, counties and minor political divisions, from both the urban and rural aspects. The first work to show the essential unity of the problem of government."

M. R. James—"Lost Apocrypha of the Old Testament."

MacGregor Jenkins—"Literature With a Big L." "This book, a charming combination of wit and wisdom, satire and truth, deals with the weakness and foibles of the would-be literary folk."

S. G. Johnson—"The Stamp Collector." "A guide to the world's postage stamps."

Raden Adjeng Kartini—"Letters of a Javanese Princess." "An eloquent record of the struggles of the young daughter of a Javanese Regent who, surrounded by prejudice and narrow customs, brought the women of her country from the darkness into light."

E. J. Kilduff—"How to Choose and Get a Better Job." "Contains page after page on just how to analyze one's fitness for a job, how to advertise one's qualities, how to write an application, in general, make the best impression on the prospective employers."

H. D. Kitson—"The Mind of the Buyer." "A book for men who are influencing other men to buy."

F. E. Leupp—"Walks About Washington." "Mr. Leupp is a Washingtonian of long standing. His knowledge of the city and its affairs is therefore many-sided and intimate, so that his present book embodies, as few books could, the spirit and atmosphere of the capital city."

M. W. MacCallum—"Shakespeare's Roman Plays and Their Backgrounds."

John Masefield—"Esther and Berenice." "In his new book Mr. Masefield returns to the drama, a field which he has not entered since the war."

John Masefield—"King Cole." B. W. Metz—"Inns and Taverns of Pickwick."

Wm. McFee—"Harbours of Memory." "Bits that are precious thoughts, inspired flashes of perceptions, mellow expressions of the kind of impression."

P. S. Mowrer—"Balkanized Europe." "A study in political analysis and reconstruction."

J. G. Neihardt—"The Splendid Wayfaring." Ethel Newcomb—"Leschetzky as I Knew Him." "A famous musician, known as the world's greatest teacher of great pianists is here shown intimately and completely by one of his favorite pupils."

Sidney Osborne—"The New Japanese Peril." "This book pictures the future developments in the international situation as it is complicated by Japan. It is mainly a political discussion, analyzing in particular the effects of the Anglo-Japanese Alliance, and appealing to America to take a firm and sensible stand."

R. D. Paine—"Lost Ships and Lonely Seas." "Tales from musty old narratives of redelict ships, pirates and the strange feates which befell seamen of the earlier days."

J. E. Parks—"Bad Results of Good Habits." "An attempt to sell a few sites in heaven to kindred souls to whom company is of more importance than climate."

R. E. Park—"Old World Traits Transplanted." "An invaluable book for those interested in, or working with, our immigrants."

E. A. Powell—"Where the Strange Trails Go Down." "A happy mixture of fun and seriousness is this account of an American journalist in search of new and strange adventures. A book for a dull day."

C. H. Raymond—"Modern Business Writing."

Lorado Taft—"Modern Tendencies in Sculpture."

T. W. Talley—"Negro Folk Rhymes." "A pioneer volume in the field of the negro folk songs and ballads which have afforded so much amusement and interest to those who know the negro well."

C. W. Thompson—"The New Voter." "Things he and she ought to know about politics and citizenship."

"Thorough" cleaning means longer lasting clothes

You are wise if you have your clothes "thoroughly" cleaned occasionally. Not simply "sponged and pressed"—that isn't thorough, nor does it get out the deep set dirt and dust.

Send them to us for a real scientific cleaning—that gets ALL the dirt out, freshens up the fabric and brightens colors that you thought had faded.

Our thorough method makes your clothes last longer. Phone us—our delivery wagons will call anywhere.

What to Look for When You Buy a Phonograph

The first thing to look for in the phonograph you are going to buy is tone. A Phonograph is built first of all to reproduce sound, but with the quality of records of today we must have a machine of the best reproducing tone.

The four essentials of a pure musical tone are:

- (a) The Record
- (b) The Needle or Point
- (c) The Reproducer
- (d) The tone Amplifier which enlarges the sound and gives out the tonal vibrations.

On the Brunswick you find these four qualities have been developed to the highest point of superiority.

Not only is the tone of the Brunswick the best—but with its reproducer you are able to play ANY MAKE Record without any special attachment. It's true

You'll Find Everything On The Brunswick

And that's why we carry them in stock. You'll find the machine you want at Padgham's—and you have a year to pay.

REVEAL ALLEGED FACTS IN GUN THREAT CASE

Because the prospect of two sisters marrying two brothers did not appeal, it is said, to one of the sisters, who had already married one of the brothers but did not want her sister to receive attentions from the other brother, trouble between the two brothers, Arthur and Martin Boss, was alleged today to have developed.

Arthur was in the county jail under \$800 bail, awaiting preliminary examination before Justice J. E. Cox April 18 at 2 p. m. on a charge of assault with a deadly weapon upon his brother, Martin, and also on a charge of assault upon Jeanette Boss, Martin's wife.

The brothers exchanged bitter words late yesterday in the courtroom where Arthur was brought after the family feud had flared into a quarrel the previous evening at Newport Beach, where they all reside.

Jeanette had objected to Arthur's courtship of her sister, it was intimated from Newport Beach today. This was said to have caused ill feeling between her and her brother-in-law. The split started at Taft, where the family formerly lived, it was said.

Yesterday morning at the home of Arthur's mother, in Balboa, he was alleged to have vented his feelings in the form of physical punishment. Then he came to Santa Ana, according to reports, and purchased a revolver. He told Justice Cox yesterday that he had intended to use the gun on him, being "tired of the whole business."

Later that day, Martin Boss, aroused by the attack upon his wife, went to his mother's home to seek satisfaction from his brother, it was stated. Then the alleged assault with the deadly weapon took place.

EDGAR SAYS \$75,000 ISSUE BAD BUSINESS

Editor Register.—When the trustees of Santa Ana had a bonfire and burned up an issue of bonds that had been voted for the construction of a municipal power plant they did the best thing that has ever been done for this city. This was eighteen or twenty years ago and the result has been that Santa Ana has since kept out of disastrous competition with the public utility companies which have supplied its needs with electricity generated from water power, while several Southern California cities have spent money for steam plants which are practically junk—at least I am told they are being sold for about twenty cents on the dollar.

When the people vote bonds they have incurred an indebtedness for which they are bound to stand. If we vote the \$75,000 for establishing a municipal steam plant to supply light for ornamental lamps in a small section of the downtown district, we have no assurance that our present or future city government will be as wise as the old-time trustees and burn them up. To vote these bonds would be committing the city to a policy which might involve the expenditure of enormous sums of money. If we should ever engage in the municipal lighting the \$75,000 on the present ballot would only be a speck on the horizon. Since the old bond issue was burned up the Edison company has spent millions and millions of dollars for generating and distributing electricity in Santa Ana and the territory which is tributary to it, and which has contributed largely to building it up and making it the important city that it is today.

Assuming that the city did not sell these bonds after they were voted, as Clyde Bishop intimated might be the case, in his address at the mass meeting on Tuesday night, and the purpose of voting them was simply to hold a club over the Southern California Edison company, the proposition does not seem to me convincing or good business. I do not believe in trying to club money that is being brought from the East to Santa Ana and Southern California out of our community.

Santa Ana has prospered because it has co-operated with the public service company which has supplied it with ample electricity to provide for its growth.

The sewer bonds, and possibly some of the other bonds on the ballot for next Tuesday's election, should carry, but the voting of \$75,000 for a miniature steam plant to compete with the enormous hydroelectric plants of the Edison company is bad business—it is on a par with trying to club a corporation which sells its product at rates fixed by the State Railroad Commission and over which the commission alone has jurisdiction.

MAN JAILED IN BEACH LIQUOR RAID FINED

Efficacy of the new liquor ordinance at Newport Beach as an aid to the authorities there in "cleaning up" their town, had been demonstrated again today with the arrest and conviction of William J. Dunn, proprietor of the Treat 'Em Right restaurant at Balboa, who was fined \$200 on two counts for alleged violation of the ordinance.

City Marshal J. A. Porter and Deputies Dean, Welch and Wilson raided Dunn's establishment at 7:30 p. m. yesterday. They had secured evidence, Porter stated, that Dunn was carrying on a lively retail liquor business. They claim to have found a quantity of liquor in a small house at the rear of the restaurant, which is situated at the corner of Washington street and Bay avenue.

Dunn was immediately brought before City Recorder Byron Hall, who fined him \$100 on a charge of selling liquor, and \$100 on a charge of keeping a place where liquor was sold. Dunn was also sentenced to 60 days in jail, but commitment was withheld.

Last night's raid marks the fourth

arrest and conviction under Newport Beach's new ordinance, which went into effect last November 27. Before its enactment the authorities there had been powerless to prevent or punish violations of the liquor laws, it was said.

SEEKING CHIEF FOR SALVATIONIST DRIVE

John G. Mitchell, mayor of Santa Ana and president of the American National bank, and Alex Brownridge, cashier of the Farmers' and Merchants' Savings bank, today constituted a committee upon which devolves responsibility for the engaging of a man to act as chairman of the organization to be developed for the Salvation army fund drive scheduled for April 24-29.

The committee was named last night at a meeting of chairman of committees appointed by various organizations to co-operate in the movement. E. E. Tuttle, civilian representative of the army, presided. This was the only definite action of the general committee, but plans for the drive were discussed informally. The general committee will meet again a week from next Monday evening, at which time it is expected the committee will have been successful in its quest for a man who will accept the obligation and responsibility of chairman.

Tennis Goods, Hawley's.

BANG! EVIDENCE HITS SIDEWALK SAYS OFFICER

"So you're going to arrest me, are you?"

"I am," responded Police Officer Joe Ryan to this query from A. A. Foxen, whose alleged apparently intoxicated condition had attracted the officer's attention at the corner of Fourth and Main streets today.

Bang! Crash!

A bottle of Jamaica ginger hit the sidewalk.

Smash! Tinkle!

A bottle of whisky followed it. Foxen, according to Ryan, began to rid himself of the "evidence." It looked as though the street sweeping department must be called in to aid in the arrest.

The broken bits of glass were finally gathered up and taken to the police station with Foxen, who was cited to appear later in the day before City Recorder W. F. Heathman.

COOKED FOOD SALE

Catholic ladies will have cooked food sale Saturday at Sam Stein's former store, 210 West Fourth. All kinds goodies, specially of cakes.

ORANGE COUNTY NEWS

COVERS FOR 100 AT FARMERS' BANQUET

GARDEN GROVE, March 31.—The true progressive spirit of the Farm bureau was shown by the manner in which the members of the local farm center entertained their wives at a banquet on Monday evening, March 27, in the Y. M. C. A. building.

At the scheduled hour of 7 o'clock or thereabouts nearly 100 guests were seated to the accompaniment of a selection from the high school orchestra.

After a delicious supper of salad, sandwiches, pie, cake and coffee, interspersed with more selections from the young musicians, the business of the evening was taken up.

Edward Chaffee was unanimously elected to fill the vacancy left by Mr. Stanley's resignation as president.

Mr. Lake as project leader for the drainage department reported much activity on the drainage question. His report makes the creation of a drainage district in Garden Grove look like a task nearly accomplished.

Home Demonstration Project leader, Mrs. E. R. Stillens, reported a meeting held among the ladies of the community for the purpose of making dress forms with the promise of more such meetings if any of the ladies desire them. She also invited the inspection of the dehydrator, for making jams, which she has in her home.

Assistant Farm Advisor Floyd Scott, gave much valuable information on the poultry division of the bureau's work for this year. Dr. Luedke, the project leader, being absent.

The speaker of the evening, Professor Smith, state leader of farm advisors of Southern counties then gave a general talk showing the relation between the university extension department with its farm advisors and the farm bureau, a separate organization of the farmers. He advocated diversified farming and good drainage as essentials to permanent agriculture.

Mr. Stanley, as membership captain urged that every member get a new member. This should mean a membership of 250 for our center, which already ranks high in comparison with other centers in the county.

The question of the preservation of the roads by urging legislation checking the present methods of trucking which are destroying roads faster than they can be built was discussed by Mr. Lake, Dr. Violet, Mr. Stillens and Mr. Adland.

A motion that resolutions be drawn up by a committee requesting these in authority as state and county of tecton of roads from destruction by the trucks, carried.

All members felt heartily in sympathy with the speakers on this question and it is urged that all who are officials to do something for the pro-

SEEK PIMIENTO LAND IN TALBERT SECTION

TALBERT, March 31.—Representatives of the Curtis Packing company, of Long Beach, were in this vicinity the past week constructing for pimiento land. Thirty dollars a ton was the offer made for this year's crop and 100 acres was desired in this section. The company already has 700 acres contracted for elsewhere.

COSTA MESA

By MRS. D. H. REID

COSTA MESA, March 31.—Mrs. Mary Stearns of Long Beach, mother of W. H. Stearns and Miss M. L. Stearns, of Costa Mesa, passed her seventy-ninth milestone on last Sunday. In the afternoon Stearns, his family and sister and Bryant Stearns and drove to Long Beach, where his mother was ready to receive her guests. They took with them ice cream and cake which the party greatly enjoyed.

To Organize Orchestra
Let each and every one who can help our town to progress. Much building is going on now and how nice it would be, after the hard day's work to have a good orchestra to entertain us.

Attention is called to the notice on the blackboard near the store. It reads something like this: Each and every one who plays any instrument please register at the Davis candy store; also state what instrument you play. Let every one in and around Costa Mesa show their interest in this line of advancement.

Delightful Concert
A large and appreciative audience greeted the Stearns Helleson trio on Monday evening at the Costa Mesa church. Each and every number was greeted with applause. The Stearns sisters are very clever in interpreting music on the cello and violin. The pianist was fine on the piano in the matter of technique. The soloist gave the audience several delightful numbers. This was an unexpected treat.

Mr. and Mrs. W. S. Williamson have gone on a business trip to San Diego. They will combine business with pleasure and remain a week.

Personal
Mr. and Mrs. Fred Long and son, Harold, and Mr. and Mrs. H. J. Clark spent Sunday in Los Angeles visiting with Mrs. J. H. Ray and son, Charles.

Mr. and Mrs. R. A. Baker on Sunday drove to Long Beach to visit with Mrs. R. Robinson, who is a daughter of Mrs. Baker.

TUSTIN

TUSTIN, March 31.—The Tustin Literature section of Ebell will meet next Tuesday, April 4, at the home of Mrs. J. L. Marshall at 2:30 p. m.

Interested do all that they can to help towards effective legislation on this matter at the next election.

After the ladies had given the gentlemen a rising vote of thanks for an enjoyable and instructive evening the meeting adjourned.

LA HABRA

LA HABRA, March 31.—Delightfully pleasant was the gathering of the Monday afternoon club at the ranch home of Mrs. J. H. Walker on West Central. Two new members were voted in the club. These were Mrs. Anna Brookhauser and Mrs. C. E. Butler. Mrs. Anna Coltrin was made an honorary member. Arrangements were made to entertain the husbands of the members with an Easter party. Mrs. Charles Varney and Mrs. F. E. Proud were appointed by the president to prepare a menu. Mrs. Walter Hole, Mrs. J. H. Walker and Mrs. George Wolfe to act on the entertainment committee. Mrs. Walker was assisted in the serving of delicious refreshments by her mother, Mrs. Price. Those present were:

Mrs. Mesdames C. E. Tower, C. E. Varney, W. E. Snow, D. A. Davis, W. L. Rhodes, F. E. Proud, W. L. York, Walter Hole, F. B. Drake, J. I. Anale, George Wolfe, L. L. Chandler and Delphia Redfern. Guests of honor were Mrs. Raymond Phillips, of Los Angeles, Mrs. Bert Hampton, of La Habra.

Woman's Club Meeting.
The regular meeting of the Woman's club was held at the social hall on Tuesday afternoon. A parliamentary drill led by Mrs. M. F. Davis; current events, led by Mrs. Mattie Walker, and a paper on "Peace" by Mrs. H. N. Garretson, a member of the peace conference committee from the East Whittier Friends church, was presented.

Miss Bertha House, of 212 Formosa avenue, Hollywood, was a dinner guest at the Davis home on Central avenue Sunday. Miss Hogue is a co-worker with Wanda Davis Phillips, on the Hollywood Citizen staff, and was her guest at the parental home of Mrs. Phillips.

Charles Lumsden and Andrew Capers were among the La Habra men who attended the banquet given at Fullerton by the F. and A. M. Monday evening.

Mrs. E. M. Reardon, formerly of Huntington Beach, but now living at Taft, has been a visitor for a few days at the home of Mrs. M. F. Lewis and Mrs. Charles Lumsden. Mrs. Reardon was accompanied by the newest member of the Reardon family, Master Ralph.

Seriously Ill.
Grave anxiety is felt over the critical condition of an old resident of La Habra, Mrs. H. E. Hart, wife of Justice Hart, who is so seriously ill that little hopes of her recovery is given by the attending physicians.

Mrs. Hart, formerly Mrs. Ella Chaffee, has lived for many years in La Habra Valley. She was always active in club and church work, was one of the founders of the Woman's club, and was made president emerita of that organization a few years ago.

Mr. and Mrs. P. E. Proud held an informal "at home" on Sunday. Those calling were Mr. and Mrs. Edgar Leuhn, Mr. and Mrs. L. L. Chandler, Mr. and Mrs. Elwood Proud, of Los Angeles, and Dr. and Mrs. Charles Millike, of Whittier. Mr. and Mrs. Proud had just returned from a three days' jaunt to San Diego and other points of interest in the South.

EASTER CANTATA IS SUNDAY SCHOOL PLAN

TALBERT, March 31.—An Easter program in the form of a cantata is to be produced by the local Sunday school of the M. E. church, south, the first practice being held last Monday.

All of the Sunday school pupils will be included in the program which will be held on Easter Sunday night at the hour of the usual preaching service.

Mr. and Mrs. Murphy and son Ed Murphy, of Huntington Beach, visited Monday evening with Mr. and Mrs. Sam Talbert.

Clyde Irwin and wife, of Long Beach, the former a nephew of S. E. Talbert were recent afternoon visitors at the Talbert home.

Mr. and Mrs. F. A. Stuart and Arkie and Floyd Brock spent Sunday with friends in Los Angeles.

Mr. and Mrs. Virgil Presson, who have been at the home of his cousin, Greenbury Presson, while the house they were to occupy was being remodelled, moved in the latter part of the week. Presson is employed by Sam Talbert and it is into one of his houses the family has moved.

Good Barley Crop
The barley on the ranch commonly known as the Thompson place and located east of Talbert is now up and growing splendidly. Mr. Reed, the present owner, is now contemplating moving from East Newport, where he resides, to the ranch as soon as this school term ends.

Laurence Doyle, who has been employed in the Huntington Beach oil fields, has accepted a position with Clarence McClintock on his dairy ranch at Greenville. Doyle, who has been staying at the Dave Jesse home for some time continues to room there and goes to and from his work. His mother, who has spent a few weeks with Mrs. Jesse, is now visiting with Mrs. Proctor.

Mr. and Mrs. J. E. Melvin were here from Huntington Beach and attended church Sunday evening. This is the first time Doyle has been able to be out since their recent severe illness with influenza.

Mr. and Mrs. John Pettitt, of Whittier, were Sunday night guests at the S. E. Talbert home. Mrs. Pettitt and Mrs. Talbert are sisters.

Rev. and Mrs. J. J. Woodson and daughters, Miss Mable Lee and Dorothy Woodson visited Saturday evening with the Rev. and Mrs. S. M. Check at the Rev. home at Greenville.

The Rev. and Mrs. Check, who are district officers of the Los Angeles conference, were here to assist at the group Sunday school conference which was held in Santa Ana Sunday afternoon.

Mr. and Mrs. Merton Penhall and daughter of Cypress and Mr. and Mrs. Bernard Stoffie and son of Anaheim spent Sunday afternoon at the guests at the Robert Gialler home.

Mrs. Dave Jesse received a letter during the past week from her daughter, Mrs. O. W. Ater, of Blythe, telling of the seriousness of the time through which they have been passing. The entire family became ill with the influenza, March 1, their second attack this year. LeRoy Ater, the son who left here Christmas for home, had a close call from pneumonia and continues quite ill.

Mrs. Newcom, mother of Mrs. Caesar Stringer, returned Sunday from Orange and is convalescing from an attack of influenza at the Stringer home. Two weeks before Mrs. Newcom went to Orange to care for her mother, who was ill. It was there she became ill.

The three-year-old son of Mrs. R. Maddux, principal of the Fountain Valley school is quite ill in Santa Ana with diphtheria where he was taken by Mrs. Maddux at the commencement of his illness last Sunday.

On Monday, Mrs. Fulton substituted at school for Mrs. Maddux and on Tuesday a substitute teacher was secured from Santa Ana for the time of her absence.

Mrs. John Shutt jr., is going to Los Angeles every other day to be with her mother, Mrs. A. L. Draper, who is recovering from a recent operation at the California hospital.

COMMITTEE AT BREA BACKS SCOUT TROOP
BREA, March 31.—The Brea Chamber of Commerce went on record at its recent meeting after hearing an address given by Scout Executive Roland E. Dye, as favoring scouting and appointed a committee of five to act as a troop committee in taking over active direction of the troop of scouts which has been inactive in Brea for the last few months.

The chamber enthusiastically endorsed scouting, and a large number of men present made short testimonial talks before the close of the meeting.

WINTERSBURG
WINTERSBURG AND SMELTZER, March 31.—Mr. and Mrs. B. A. Farrar are away on a two or three weeks' trip which they are enjoying with relatives.

Mr. and Mrs. Farrar went to Los Angeles last Saturday, making the trip with Mr. and Mrs. Earl Farrar of Huntington Beach, who were going up for the day and on Monday, Mr. and Mrs. B. A. Farrar and son, J. L. Farrar and wife, of that city, were to leave on the motor trip north.

The party will visit at Oakland, Berkeley, San Francisco and other points en route and contemplated a most enjoyable vacation trip.

BUY SUNDAY DINNER
All kinds cooked food at Catholic store Saturday at Sam Stein's former store, 210 West Fourth St. Sale opens 10 a. m.

Mrs. Marsh Thomas, district deputy, will make her official visit to Hermosa chapter Monday evening. All members of Hermosa chapter cordially invited.

Today's Attractions.

WEST END—Bebe Daniels in "A Game Chicken."

YOST—"The Four Seasons;" Tom Mix in "Sky High." (Closing.)

TEMPLE—"Why Girls Leave Home." (Closing.)

PRINCESS—Franny Mayo and May Collins in "The Shark Master." (Closing.)

PIRATES ADD THRILL TO BEBE DANIELS' FILM.

Every movie fan knows that Bebe Daniels is Spanish. We've read many times the story of her Colombian-Castilian descent; now we get the illustrations in "A Game Chicken," a stirring picture by Nina Wilcox Putnam, which opened last night at the West End theater.

Miss Daniels appears as Inez Hastings, daughter of an expatriated Yankee living in Cuba and acting as the "master mind" of a ring of smugglers.

The picture is picturesque to a degree, and filled with exciting incidents, such as cockfights, set-toes between the Spanish "heavy" (Hugh Thompson) and the American lover, played by Pat O'Malley. There are fires at sea, submarine chases and thrilling rescues.

The production has been given a beautiful mounting, and a good supporting cast, including James Gordon, Martha Mattox, Hugh Thompson, Gertrude Norman, Max Weatherwax, Charles Force, Mattie Peters and Edwin Stevens.

"THE FOUR SEASONS" IS CLOSING TONIGHT AT YOST.

Do you know that in the early summer a buck deer's antlers grow at the rate of half an inch a day?

Do you know that trees a foot in diameter are cut through in less than a week by a half dozen beavers?

Do you know that a caterpillar every day eats food amounting to several times its own weight?

In "The Four Seasons" now showing at the Yost you will see these and many other wonders of nature. You will see the brown jackrabbit turn white in winter. You will see tadpoles evolve into huge bullfrogs and the woodchuck frozen stiff during his winter hibernation. You will see the buck deer lose his spreading antlers in the spring and grow new ones the following autumn.

"The Four Seasons" is to be screened for the last time tonight.

MIX BRVES PERILS OF BIG CANYON IN 'PLANE.

Foolhardy is rather a harsh word to use about such a beloved screen star as Tom Mix—but being what laymen regard as foolhardy is his business; and he certainly knows his business. In "Sky-High," showing at the Yost tonight the audiences, it is declared, think the limit of human courage has been reached at Mix's wild ride on Tony, his horse, up the side of the Grand Canyon of Arizona and skimming around the giddy edges of the rim, but he adds a further thrill by driving an airplane right through the heart of the canyon. Providence must have been good to the star the day he made those scenes, and refrained from putting in the dangerous airpockets which hitherto have daunted pilots of the air.

Eva Novak is the leading lady of the production.

"WHY GIRLS LEAVE HOME" CLOSING AT TEMPLE.

A stirring domestic story is embodied in the screen version of the famous stage play "Why Girls Leave Home," now on the Temple screen.

Anna Q. Nilsson, the well known motion picture actress, plays the role of Anna Hedder and is said to give a vivid impersonation of a young girl who is forced to leave home on account of the bigotry and cruelty of her parents. Other members of the cast include Claude Kings, Maurine Powers, Kathryn Perry (Mrs. Owen Moore), Dan Mason, Julia Swayne Gordon and others equally well known to screen fans.

"THE SHARK MASTER" CLOSING AT THE PRINCESS.

Frank Mayo's dramatic photoplay, "The Shark Master," has met with much favor from Princess playgoers. A strong cast supported the popular star, with May Collins playing opposite him in the leading feminine role. The film is to be screened tonight for the last time. Interesting short-reel attractions round out a worth while program.

PARENT CONCLAVE

PETALUMA, March 31.—The housing committee of the Petaluma Parent-Teacher association has sent out a call for 100 or more rooms to accommodate visitors who will be here for the district convention of the Parent-Teacher association of this section of California.

WEST END THEATRE

TONIGHT AND TOMORROW

Bebe Daniels in "A Game Chicken"

She acted more like a boy than a girl—until she fell in love! But when she found that the man of her heart was trailing her bootlegging papa—see the wild steamer chase—the fire at sea—the fight in the fog!—more fun than anyone's known since the wets discovered Cuba!

DOINGS OF THE DUFFS

THE APRIL FOOL BOOMERANG

By ALLMAN

For Sale—City Property

OWN YOUR OWN HOME

In order that you may own a home; those who have homes to sell are going to do so at a sacrifice. This campaign gives you terms that will justify you in making special effort to become an owner of a home instead of a renter. I have many good buys for this campaign.

5-room new bungalow; oak floors, fireplace, all finished in white and ivory, garage, lot, \$5000; \$1000 down \$25 per month during this campaign.

6-room bungalow built and owned by a contractor for his own home, finished in white and ivory. On street car line, \$5500. Easy terms.

Modern home, large lot, large fireplace. Near Catholic church, \$5500. Terms. This place has a large lot and is a fine place for the money.

A new 5-room bungalow, 2 blocks from Catholic church, \$4800, easy terms.

A. W. FULLER

408 North Broadway St. Phone 127

EVENING SALUTATION
I never knew a night so black
Light failed to follow on its track;
I never knew a storm so gray
It failed to have its clearing day.
I never knew such bleak despair
That there was not a rift somewhere;
I never knew an hour so drear
Love could not fill it full of cheer.
—John Kendrick Bangs.

THE ELECTRICAL PLANT BONDS

From specific statements and figures given by the Edison Company in a conference with the City Trustees, (and published elsewhere in this paper), it appears that there is a wide difference of opinion between that company's engineers and Water Superintendent Wray as to the cost of generating and delivering electric energy from the steam plant proposed by Mr. Wray. And there is no way, at this late date, to verify either of the estimates. However, as the City Trustees have pledged themselves not to sell the electric light plant bonds (if they should be voted) until Mr. Wray's estimate has been verified by a thoroughly competent and disinterested electrical engineer, there can at least be no harm in voting these bonds, and there may be much good in doing so.

If Mr. Wray, who does not claim to be an electrical engineer, is right—if he can produce and deliver electric energy for the city's ornamental street lights, public buildings and water pumping plants for less than two cents per kilowatt hour, the saving, as compared with the rate we are paying the Edison Company, would be very material. Why not, then, put ourselves in position to effect this possible saving, especially as it would cost us nothing further to do so, and we would also be in a position to protect ourselves against any error on the part of Supt. Wray in making his estimate of costs? It looks very much like a case of "heads I win, tails you lose."

To be perfectly frank about the matter, The Register is pretty thoroughly convinced that steam power cannot compete successfully with hydro-electric power in producing electric energy. Therefore if Mr. Wray's estimate of the cost of production is correct, the Edison Company is charging us too much. And by the same token, if the Edison Company is not charging us too much Mr. Wray's estimate is incorrect.

If the voting of the bonds meant that we MUST sell them and install the plant planned by Mr. Wray, The Register would be opposed to voting the bonds, because the proposition at best, it seems to us, is of doubtful expediency. But inasmuch as Mr. Wray may be right, and it will cost us little or nothing and may profit us materially to find out, why not do it?

On the specific condition, then, that the electric plant bonds, if voted, are not to be sold until Mr. Wray's plans have been approved and his cost estimate verified by competent engineers, and even not then if the Edison Company will furnish the power at the same price it is found it can be produced for by the proposed plant—on this condition, to which the City Trustees are pledged, it would seem we may all agree and vote the bonds.

The Register does not urge this point of view upon anybody; it simply presents it for consideration, in all sincerity and frankness, and in confidence in the sincerity of the City Trustees, Supt. Wray and the Edison Company. We do not raise any question of veracity or sincerity in the matter at any point. But there is certainly a very large question of accuracy.

UPON THE MOUNTAIN TOP

"The higher you climb, the colder it becomes and the lonelier you find it," says Lloyd George, sadly. "There you are open to every blast and exposed to attacks of every kind." No wonder he feels like resigning.

It's an old story, familiar since the world began, and sung by Lord Byron:

"He who ascends to mountain-tops shall find
The loftiest peaks most wrapped in clouds and snow;

He who surpasses or subdues mankind
Must look down on the hate of those below."

The British premier, a practical man of affairs who learns from experience rather than books, has just been finding this out for himself. It is a mournful commentary on humanity. Human nature is not only kindly and appreciative but hard and ungrateful. The average man looks for leadership and then wears it off or opposes it when the novelty has worn off. Hero-worship gives way to hero-hating or hero-baiting. Many successful statesmen have had this experience of losing the loyalty and gratitude of those through whom he first rose and for whom he labored.

It seems to matter comparatively little whether the statesman's work has been good or bad—his time nearly always comes just the same with his going welcomed with relief. Every step taken by a strong leader is taken against opposition, and make enemies, and eventually the cumulative opposition is likely to become too strong for him, and the enemies "get" him.

The highest satisfaction of public life is in the first glew of success. For the appreciation of crowning achievement, a statesman usually has to wait for posterity's verdict. Lloyd George, realizing that, is by way of becoming a philosopher.

MILITARY CONGRESSMEN

Representative Rogers of Massachusetts remarked the other day, when the army appropriation bill was up for discussion in the House, that it was both "un-constitutional and unwise" for Congress to attempt to order troops about. There can be little doubt in the public mind as to the unwisdom of such an innovation, and most of the authorities say there is no doubt as to its unconstitutionality. It seems curious that this difference should have arisen between the executive and legislative branches of government, at this time.

It is agreed that Congress has a perfect right to regulate the size of the army; but it is pointed out that the President, as commander-in-chief of the army, has sole authority to direct the operations of the troops provided. It rests with him to say where they shall go and what they shall do. Yet Congress, in its zeal to bring home all troops now serving in any capacity abroad, is assuming to take the matter into its own hands.

It is hardly conceivable that congress, in a constitutional test, no matter how worthy its motive, would be allowed to order military forces about, either directly or by the indirect process of appropriating military funds only for certain specific purposes.

posers. Critics suggest that if such division of responsibility for the command of the army or navy were once started, we should have a fine military mix-up in this country sooner or later, with any ambitious senator or representative posing as a general or admiral or chief of staff.

ARBOR DAYS AND BIRD DAYS

The governor of Pennsylvania has named April 14 and April respectively as spring Arbor Day and Bird Day for that state. He urges that these two days "be appropriately observed, not only in our public schools, but by our citizens everywhere throughout the commonwealth."

Many states have already observed Arbor Day and in others it is still to come, for the celebration is determined somewhat by climate and is therefore spread over the months from February to May, with a few localities observing it in the fall.

It is perhaps impossible to tell how much the observance of such a day will do to further national education in the value of tree planting and preservation not only to beautify towns and highways but reforest formerly wooded areas. Arbor Day exercises should include more than ringing recitations of "Woodman, spare that tree." A host of school children should be growing up with a knowledge of the beauty and worth of trees, and of the citizens' responsibility toward them. These children should be acquiring a love of trees which will be a perpetual joy to themselves and an assurance that the near future will see the adoption and fulfillment of permanent and constructive forestry policies throughout the nation.

You've got to hand it to Russia, after all. They kept Goldman and Berkman quiet and have put Bill Haywood to work.

Anyway, if Bryan goes to Washington as Senator from Florida, the country will know Florida is represented in the Senate.

It begins to look as if the real backbone of the late lamented Dual Monarchy was neither Austria nor Hungary, but a third factor named Czecho-Slovakia.

Unless we mistake the mischievous potentialities Antagonist ghost is going to haunt a good many households for awhile.

Los Angeles Blocks Park

It is rather interesting that the only opposition that has developed against the proposed Roosevelt National Park, which would include the wonderful Kings River Canyon, has been registered by the Los Angeles municipal power bureau. The bill, now pending before the house of representatives, has the backing of the Sierra Club and has never received any opposition from the private power companies. The only reason that the Los Angeles objection has come has been the desire of the Los Angeles people to develop power at hydro-electric power sites on which the city has filed. It filed there at about the same time that it filed on the power sites in the Yosemite Valley, which it later found it would not be permitted to use.

One of the greatest scenic parks in the country would be this Roosevelt Park. It would contain scenery as grand and imposing as anything found in the Yosemite National Park or any of the other western parks. There is a general movement in its behalf and we understand that Congressman Osborn is rather mortified over the fact that the only opposition comes from the great city from which he is elected.

Speaking of national parks, Riverside is interested in the passage by the senate of the bill which recently passed the house, making a national monument at Palm Canyon, including such other canyons as Andreas, Murray and smaller side canyons, in which are the wonderful natural palms and remarkable scenic cliffs and rocky walls. There is no other spot in the county that has just the same sort of setting as this proposed Riverside county national monument. It combines the desert with mountain streams, and the only indigenous palm trees of the United States. In Palm Canyon there are thousands of these trees in a profusion that has only been broken as a result of the devastating effect of the roaring mountain stream in winter, which uproots and destroys many of the smaller trees.

Those who believe in the proper preservation of such natural wonders as the Kings River Canyon and the Palm Canyon treasures for the permanent future use of our people, should send word to the congressmen they know in behalf of the Roosevelt Park and to members of the senate in behalf of the Riverside county national monument.

Protecting State Highways

The California highway commission, co-operating with county supervisors and traffic officers, is making a determined effort to stamp out overloading. The commission has organized an inspection department under the direction of Major C. L. J. Frohwitter, a retired army officer, who has five assistants, mostly ex-service men deputized by the motor vehicle department. These inspectors, equipped with automobiles and loadmeters for weighing trucks on highways where found, are working through the state where overloading is most flagrant. To date, Major Frohwitter reports that 50 per cent of the trucks apprehended violated either the gross weight or the provisions of the motor vehicle act. Much abuse was due to ignorance of drivers or owners, of the provisions of law, and in general they were glad to be put right and expressed a desire to observe the law. However, many cases of serious overloading without excuse came under observation, and drivers were obliged to remove excessive loads before proceeding.

This condition bears out the experience of Connecticut where the state and Federal road authorities carried out a recent survey and found 33.13 per cent violations, mostly among trucks from 3½ to five-ton capacity, some loads being as high as 62 per cent overload, while 69 per cent of trucks on regular trucking lines had a total weight of truck and load in excess of legal limits.

This condition shows the need of more adequate policing of California highways, if they are to be protected from abuse. It is a most important detail of maintenance, like the stitch in time, and may in the future be a regular function of the state highway department, with ample provision therefor made by the next Legislature.

The Germans Hate to See the Yanks Go

Today's Talk

by George Matthew Adams

THE TEST OF SUCCESS

I read the other day of a man who had made fifty million dollars. But the writer of the article considered him quite a failure—for the reason that he had contributed nothing to the world but his ability to make money.

Not long ago a lawyer in a big Eastern city died. His name was familiar to those of his own profession in his home town, but he was little known outside. And yet this man left to his city an art collection valued at many millions.

The test of success is not in what you make, but in what you do and how you do it.

That is, success in its greater significance, as it is applied to the happiness of the heart.

The amount of money made by Edison—and it mounts into the millions—is rarely if ever mentioned. Edison's entire life has been given over to service—contributing something new to the advancement of knowledge, happiness and the good of the entire world.

One of the greatest tests of success is the number of people whose love you have inspired.

The mayor of a great city died. He had been bitterly criticized during his lifetime, but in the line of march at his funeral were thousands of the city's poor, little children, men and women in high positions, as well as those who were wealthy and famous. And tears of real sorrow rolled down the faces of the silent multitudes.

Love and appreciation speak a quiet language—sometimes it's only a smile, and at others it's only a tear.

What could be a better test of success than to be missed when you are gone?

Or to be remembered for what you had contributed to human happiness, the love of beauty, or the advancement of knowledge?

Worth While Verses

LEAVE LIFE TO GOD

R. Gladys Wright

Leave life to God!
Nor seek to plan its ways;
Full work enough for thee to watch its days.
Each day will call for all thy power and skill,
And hope and faith and trust and all thy will,
To make it what a day was meant to be;
Leave life, itself, to God!

Leave life to God!
And all its future cares;
Greet thou its morn'ing with the smile which dares
To carry courage to the coming hours;
And freely share with others its own powers,
And close its evenings with a heart of praise,
And then, leave life to God!

Life left to God
Will bring a greater yield
Of golden harvest and of ripened field,
Than all the weary plannings of thy soul
Can force to be, or strength of will control;
Oh! trust a Power that must bring good from all,
And leave thy life to God.

"I don't know; it all depends on Bradstreet's—papa is looking him up."—Boston Transcript.

In the Long Ago

From the Register Files

March 31, 1908

Orange, Anaheim, Fullerton and Newport Beach hold city elections April 13. Sunday closing of saloons is an issue at Anaheim. At Fullerton an effort will be made to get trustees who favor one of two hotel liquor licenses. At Newport Beach the fight centers on throwing saloons out of the city.

H. T. Duckett of The Register has bought the Nichols residence on West Fourth street, in the P. E. tract.

J. G. Baum, Olive rancher, has developed a potato that produces early and is especially fitted to this climate.

Mrs. C. M. Knox entertained in honor of her mother, Mrs. W. C. Burke of Los Angeles. The guests were Mesdames Burke, Alex. Lacey, J. I. Clark, J. L. Dryer, W. E. Winslow, P. R. Reynolds, Victor Montgomery and Kate Felton.

W. C. Burdick aged 76, who has had a long shop here, died of heart trouble.

Friends of Mr. and Mrs. W. J. Lind say were entertained at a gathering in honor of Mr. and Mrs. G. O. Edmiston who leave soon for their home in East St. Louis, Ill.

Tomorrow is clean-up day. The city has been completely organized into districts.

C. F. W. Reusch has sold his interest in the Reo garage to F. L. Austin. A. B. Hendrickson retains his interest.

R. L. Whitson has arrived here from Earlton, Kan., to make his home here, after an absence of several years.

O. P. Koertz, who committed suicide in Los Angeles, was formerly secretary of the Orange Building and Loan association at Orange.

Somebody has been meddling with S. A. V. I. company gates in the Fairbanks and East Seventeenth street sections. Frequently at night heavy streams of water have been turned on to land and considerable damage has been done. A. N. Cox's peanut stand was badly damaged. A reward of \$50 is offered for the arrest and conviction of the miscreant.

Time to Smile

TAKING NO CHANCES

"What's going on here?"

"A prize fight, mister. The purse is a quarter."

"What's that youngster doing up a tree while another boy walks around below with a club in his hand?"

"Oh, that feller in the tree is the stakeholder." — Birmingham Age-Herald.

TIED DOWN

In the middle of a stupid card party one of the guests spoke to a young man who was yawning.

"Insufferably boring, isn't it? It weren't so embarrassing I'd go home!"

"Yeah. Wish I could, too, but, hang it all, I live here!" — Richmond Times-Dispatch.

ANATOLE FRANCE'S VESTS

Anatole France, who is 78, went to Stockholm to receive his Nobel prize just after recovering from a severe illness. He was fearful of catching cold, and wore several well-padded waistcoats under his coat. The Swedish custom officers were suspicious.

"What have you got in here?" one of them asked, with his hands on the great novelist's coat.

"France," was the reply. — The Argonaut.

Santa Ana Should Plan Twenty Years Ahead

"Santa Ana Should Plan Twenty Years Ahead" is the title of an editorial expression in "Community Service," a publication issued by the Santa Ana Chamber of Commerce.

The article not only urges the enlargement of the city limits to the north, east and south, but also reiterates its resolution urging voters of the city to take an interest in civic affairs and to vote.

The expression of "Community Service" reads as follows:

"A comprehensive efficient development plan for Santa Ana would result in undreamed of municipal progress. Twenty years is not too far ahead to plan for. Picture to yourself the possible Santa Ana of 1942 and you will be convinced of the wisdom of an expansive municipal program."

"There is no valid reason why Santa Ana will not in the not far distant future attain a population of at least 100,000. It has the location, the back country, the climate, ideal working conditions, and the community spirit to achieve such an accomplishment. Santa Ana needs more active co-operative workers and a few, a very few, less (let us be thankful) non-co-operative hammer wielders who vainly imagine that a destructive policy will result in their personal advancement, caring not at all for the annoyance caused by the feeble tap-tap of their little hammers."

"Santa Ana's city limits should be enlarged on the north and east to Chapman avenue and Orange city limits. When this section has the advantage of city water, sewer, fuel, lights, etc., it will be high class residential property, much more valuable than at present. On the east Santa Ana should reach close to Tustin, or include Tustin, so that community can enjoy municipal advantages. On the south lies Santa Ana's future industrial district. The Delhi section on the way to the harbor promises to be the city's work shop, and has many natural advantages from an industrial standpoint. West Orange should be included on a line with the westerly city limits."

"Santa Ana is growing—give her elbow room and watch her strides, she will amaze the most optimistic."

"Investigate so that an intelligent vote may be cast in the various bond issues April 4. Let every able voter vote so that a majority, not a minority, may determine the issues. The following resolution was recently adopted by the directors of the Santa Ana Chamber of Commerce. Read

Resolved, that the Chamber of Commerce believes that the great majority of American citizens are for right, justice, progress and efficient and unbiased government for the best interests of the most people and that these ends will be attained only if every citizen registers and then votes, and that every man and woman of Santa Ana who is an elector should go to the polls and vote on every election day, and to see to it that every elector in his or her employ has an opportunity to vote."

Regularly adopted by the Board of Directors of the Santa Ana Chamber of Commerce at a meeting held March 4, 1921.

Bear Stories for Bedtime

CHAPTER 308

BREAKING JAIL

By Harvey Elliott

Those wild voices in the night had frightened the sleep out of all the people in the Green Forest. The circus man had stood it as long as he could. He popped out of bed, and, without waiting for his shoes or his shirt, started for Farmer Smith's kitchen door. When Tommy heard the pitter patter across the barnlot and then a bounce on the porch he didn't know whether it was a Bear or a man. The circus man wouldn't have gotten in if he hadn't shouted for them to open the door.

The circus man didn't get away any too soon, either. Father and Mother Bear were there beside Billy before the circus man had reached the barnlot. If they had caught him they wouldn't have let him off so easy as they did when they caught him piling brush in their front door.

Father and Mother Bear soon saw why Billy Bear hadn't come home. Billy was never so glad to see anybody in his life. He knew now they would never leave him till they had gotten him out of that trap.

Father Bear smelled the cage all over, looking for a place to tear it open. He tried the door, but it was locked. Every bar seemed to be tight. Then he rolled the cage over on its side. It knocked Billy over, but no matter, if only Daddy would get him out. Then Daddy Bear turned it over again so, that the cage was bottom side up.

Now the bottom of the cage was made of boards. The board part was now on top. Daddy and Mother Bear both have great strong teeth. Daddy Bear finally got hold of the end of one board, and, ripity split! that board came off. The rest was easy. About three more mouthfuls and a hole was torn in that cage big enough for Billy Bear to climb out.

Then off the three Bears went into the woods. On one side was a proud Daddy Bear. On the other side was a glad Mother Bear. In the middle a very happy Boy Bear that danced all the way home for joy.

The next afternoon the circus man and his Pal, sad and disappointed, with their caging outfit and an empty Bear cage with the bottom chewed out, stood on the depot platform waiting for the afternoon train.

Next story—Billy Bear's Long Nap.

Odd and Interesting

The modern silk hat was first worn in England about 1840. Written pleadings used in Egyptian courts were greatly similar to our own.

The earliest mention of shoes is on Egyptian papyrus written about 2200 B. C.

The pope's daily average of letters is 22,000, and these are dealt with by twenty-five secretaries.

The average height of all lands of the globe above sea-level is about 2,400 feet.

Out of a population of 1,700,000,000 the world contains only 550,000,000 white inhabitants.

If all the gold in the world were melted into ingots, it might be contained in a room 21 feet square and 16 feet high.

Little Benny's Note Book

Lee Page

In skool today Miss Kitty was telling us about proverbs, saying, Of course you are all familiar with certain proverbs, now who can give me an example of a proverb?

Wich, Sam Cross raised his hand saying, Eat drink and be merry. "Well, I hardly call that a proverb, sed Miss Kitty, can anybody elts find me a proverb?"

Wich Sid Hunt raised his elts saying, Do as you would be done by, for tomorrow you may die.

That's more like it altho the last part is unnecessary, sed Miss Kitty, still, it's not exactly a proverb, a proverb is a saying such as It's a long lane that has no turning? sed Miss Kitty.

Wich Puds Simkins raised his hand saying, It means a lane that don go eny ways but strate eoss a longer ways than wat it would if it keppt waisting time going crooked.

Nonsents, wat it reely means, it means that no matter how hard our lot seems to be, there are always better times ahead, sed Miss Kitty. Do you all understand? Everybody that understand will raise their hand, sed.

Wich nobody put up their hand, and Miss Kitty sed, This class is so brite I cant look at it without herting my eyes, we will now go on to arifmetick.

Wich we did.

Auto Distribution

The people of this country own nearly ten-twelfths of all the automobiles in existence. This statement is made on the basis of a table prepared by the New York Times, showing that the United States has 10,505,660 cars against 12,588,949 for the entire world. No other country is to be compared with America in the zeal with which this facility has been taken up. Great Britain for example, owns only 497,582 cars. Canada has 463,448 while France, which was one of the early enthusiasts over motoring, now has only 236,146 of these vehicles.

The war put Germany far in the rear and it has only 81,384 against 75,000 for Argentina, 73,000 for Australia and 53,000 for Italy. It is not surprising that the world should look upon the United States as the richest as well as the most enterprising nation in view of these figures.—Lincoln Journal.

Chemists have found that sodium fluoride and borax will protect wood pulp from decay.
